Mondi Investments Limited

Annual report and financial statements

For the year ended 31 December 2024

Strategic report

The directors, in preparing this Strategic report, have complied with section 414C of the Companies Act 2006.

Review of the business and future developments

Mondi Investments Limited (the “Company”) is an investment holding company. The directors have the present intention of maintaining its business in the current form and believe the Company’s future prospects to be satisfactory. The purpose of the Company is to hold investments for the Mondi Group (the “Group”). The performance of the Company’s investments are discussed in the Group’s Integrated report and financial statements 2024. The Company’s directors believe that further key performance indicators of the Company are neither necessary nor appropriate for an understanding of the performance or position of the business.

The profit for the financial year after tax was €1,172,142,904 (2023: profit of €837,139,053). The profit in the current and prior year is due to the dividend income received from investments. Dividends of €1,171,000,000 (2023: €838,000,000) were paid during the year. The directors do not recommend the payment of a final dividend for the current financial year.

Section 172 Statement

This section of the Strategic report describes how the directors have had regard to the matters set out in Section 172 (1) of the Companies Act 2006 (“s172”) when performing their duty to promote the success of the Company for the benefit of its shareholders. As the Company is a wholly-owned subsidiary of the Group, its parent company and other members of the Group are key stakeholders of the Company. Accordingly, the interests of the Group have been taken into account by the directors and decisions have been made in agreement with the Board of Mondi plc, the ultimate parent entity of the Group.

For more information on the Group, please see the s172 statement on pages 50 to 51 of the Group’s Integrated report and financial statements 2024, which does not form part of this report but provides details of the consideration given to stakeholders by the Group.

Streamlined Energy and Carbon Reporting

For the Streamlined Energy and Carbon Reporting (SECR) disclosure requirements, please see Group energy consumption and GHG emissions on page 44 of the Group’s Integrated report and financial statements 2024, which does not form part of this report but provides details of the consideration given to stakeholders by the Group.

Risk management

The directors considered the risks attached to the Company’s financial instruments, which principally comprise trade and other receivables, trade and other payables and loans to and from other group companies. The Company’s activities expose it primarily to foreign exchange and interest risk. Both risks are actively monitored on a regular basis and managed through the use of foreign exchange contracts and interest swaps as appropriate. Material balance sheet exposures are hedged. The Company’s exposure to credit risk and liquidity risk is not material for the assessment of assets, liabilities and the financial statements. The directors aim to maintain an appropriate capital structure and to conservatively manage the Company’s financial risk exposures in compliance with all laws and regulations. For more information on the Group, please see the principal risks and risk management on pages 60 to 69 of the Group’s Integrated report and financial statements 2024, which does not form part of this report but provides details of the consideration given to stakeholders by the Group.

The directors’ policy on hedging is to hedge all financial risks where it is feasible and cost effective to do so.

The Company holds investments within the Mondi Group. The underlying performance of these investments could impact the carrying value of the investments. Therefore, the Company conducts a yearly impairment trigger assessment to ensure the recoverability of the carrying value (see note 9).

Mondi Investments Limited

Annual report and financial statements

For the year ended 31 December 2024

Strategic report

Approved by the board of directors on 12 June 2025 and signed on behalf of the board by:

A handwritten signature in dark ink, appearing to read 'R Smith', is positioned above the printed name of the director.

R A Smith
Director

Mondi Investments Limited

Annual report and financial statements

For the year ended 31 December 2024

Directors' report

The directors present their annual report and the audited financial statements for the year ended 31 December 2024.

Company registered number

05024245

Directors

The directors of the company who were in office during the year and up to the date of signing the financial statements were:

J L Hampshire

A C W King

J C Paterson (resigned 7 February 2025)

M A Powell

R A Smith (appointed 7 February 2025)

Directors' indemnities

The Company, via its ultimate parent company, has made qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

Information set out in the Strategic report

Disclosures relating to the following items have been included in the Strategic report which can be found on page 2:

- dividend payments and recommendations;
- financial risk management objectives, policies and related exposures to interest rate, currency, credit and liquidity risk.

Employee engagement

Engaging and motivating employees to reach their full potential and providing opportunities for their development ensures the business continues to grow and succeed and is integral to the culture of the Mondi Group. More detail can be found on pages 37 to 40 of the Group's Integrated report 2024, which does not form part of this report but provides details of the engagement undertaken with employees.

Going concern

The directors believe that the Company will continue to act as a holding company for the Mondi Group.

The Company's ultimate holding company, Mondi plc, has confirmed that it will provide continued support for the Company to meet its obligations as they fall due for a period of not less than 12 months from the signing of the Company's annual financial statements.

As a result, the directors believe that the Company will continue to be a going concern into the foreseeable future and have adopted the going concern basis of accounting.

Events occurring after 31 December 2024

On 31 March 2025 Mondi has completed the acquisition of the Western Europe assets of Schumacher Packaging, expanding the product range, capacity and innovation available to customers adding over 1 billion square metres of additional packaging capacity.

Within this acquisition Mondi Investments Limited directly acquired and capitalised one production plant "Mondi Birmingham Ltd" in the UK and several indirect investments which are located in Germany and the Netherlands and have been capitalised within Mondi Holding Deutschland GmbH and Mondi Corrugated Poland BV.

Since 31 December 2024 Mondi Investments Limited has issued additional financial guarantees for €371,547,370 in the ordinary course of business for the borrowings of other Group undertakings. One of the guarantees for €48,155,623 which was in place as at 31 December 2024 expired on 29 January 2025.

There have been no other material reportable events since 31 December 2024.

Mondi Investments Limited

Annual report and financial statements

For the year ended 31 December 2024

Directors' report

Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Directors' confirmations

In the case of each director in office at the date the directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Independent auditors

PricewaterhouseCoopers LLP have expressed their willingness to continue in office as independent auditors and in accordance with the Companies Act 2006 are deemed to remain in office as independent auditors of the Company.

Approved by the board of directors on 12 June 2025 and signed by order of the board by:

J L Hampshire
Company secretary

Mondi Investments Limited

Independent auditors' report to the members of Mondi Investments Limited

Report on the audit of the financial statements

Opinion

In our opinion, Mondi Investments Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2024 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual report and financial statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2024; the profit and loss account, the statement of comprehensive income and the statement of changes in equity for the year then ended; and the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

Mondi Investments Limited

Independent auditors' report to the members of Mondi Investments Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' report for the year ended 31 December 2024 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to the Companies Act 2006, and we considered the extent to which non-compliance might have a material effect on the financial statements. We evaluated management's incentives and opportunities for

Mondi Investments Limited

Independent auditors' report to the members of Mondi Investments Limited

fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to manipulate financial results and management bias in accounting estimates. Audit procedures performed by the engagement team included:

- Discussions with management, including consideration of potential instances of non-compliance with laws and regulations and fraud;
- Identifying and testing a sample of journal entries in relation to unexpected account combinations and post close period journals;
- Challenging assumptions and judgements made by management in respect of significant accounting estimates.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Mondi Investments Limited

Notes to the financial statements

for the year ended 31 December 2024

1. General information

Mondi Investments Limited is a private company limited by shares and incorporated and domiciled in the United Kingdom and registered in England and Wales under the Companies Act. The address of the registered office is given on page 1. The nature of the Company's operations and its principal activities are set out in the Strategic report on page 2.

The Company is exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006, because it is consolidated in the consolidated financial statements of Mondi plc. The consolidated financial statements are available to the public and can be obtained as set out in note 17.

2. Material accounting policies

Basis of preparation

The Company meets the definition of a qualifying entity under Financial Reporting Standard 100. Accordingly, in the year ended 31 December 2024, the financial statements have therefore been prepared in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' ("FRS 101").

The financial statements have been prepared in accordance with the Companies Act 2006 as applicable to companies using FRS 101. As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to business combinations, financial instruments, capital management, presentation of a cash-flow statement, standards not yet effective, and related party transactions.

Where required, equivalent disclosures are given in the consolidated financial statements of Mondi plc. The consolidated financial statements are available to the public and can be obtained as set out in note 17.

The financial statements are prepared on the historical cost basis. The principal accounting policies adopted are described below. They have all been applied consistently throughout the year and the preceding year.

New accounting policies, early adoption and future requirements

Amendments to published Standards effective during 2024

The following new Standards and the amendments to Standards have been adopted for the financial year beginning on 1 January 2024, and have had no significant impact on the Company's results:

- Amendments to IAS 1 – Presentation of Financial Statements – Non-current Liabilities with Covenants
- Amendments to IAS 1 – Presentation of Financial Statements – Classification of Liabilities as Current or Non-current
- Amendments to IFRS 16 – Leases – Lease Liability in a Sale and Leaseback
- Amendments to IAS 7 and IFRS 7 – Statement of Cash Flows and Financial instruments: Disclosures - Supplier Finance Arrangements

Amendments to published Standards effective for the financial year beginning on 1 January 2025

The following amendments to Standards will be effective for the financial year beginning on 1 January 2025. The amendments are not expected to have a significant impact on the Company's results:

- Amendments to IAS 21 - The Effects of Changes in Foreign Exchange Rates - Lack of exchangeability

The Company is in the process of assessing the impact of IFRS 18, 'Presentation and Disclosure in Financial Statements', issued in April 2024, which will become effective and be adopted for the financial year beginning on 1 January 2027.

Mondi Investments Limited

Notes to the financial statements

for the year ended 31 December 2024

2. Material accounting policies (continued)

Going concern

After making enquiries, the directors have formed a judgement that, at the time of approving the financial statements, and having considered the Company's forecasts and projections, there is a reasonable expectation that the Company has adequate resources to continue in operation for the foreseeable future. The Company's ultimate holding company, Mondiplc, has confirmed that it will provide continued support for the Company to meet its obligations as they fall due for a period of not less than 12 months from the signing of the Company's annual financial statements. For this reason, the directors continue to adopt the going concern basis in preparing the financial statements.

Dividend and interest income

Dividend income from investments is recognised as investment income in the profit and loss account when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably). Where the receipt of a dividend from a share in group undertakings results in an impairment of the investment in that undertaking, the Company's policy is to present the dividend received and the resulting impairment charge gross if the dividend represents a return on investment. The factors considered by the Directors when determining whether a distribution represents a return on investment or return of investment include the following:

- The amount of the distribution relative to the original investment value;
- The legal form of the distribution; and
- The future operating plans for the subsidiary after the distribution.

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividend payments

Dividend distributions to the Company's shareholders are recognised as a liability in the period in which the dividend is declared and approved.

Taxation

Current tax

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Mondi Investments Limited

Notes to the financial statements

for the year ended 31 December 2024

2. Material accounting policies (continued)

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited in other comprehensive income, in which case the deferred tax is also dealt with in other comprehensive income. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Foreign currency

The financial statements are presented in euros, which is the currency of the primary economic environment in which the Company operates (its functional currency).

Transactions in currencies other than the functional currency are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies have been translated at the rates of exchange prevailing at the reporting date. All exchange differences were accounted for in the Profit and loss account.

Investments in subsidiaries

Investments are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value less costs of disposal and value in use.

Prior impairments are reviewed for possible reversal at each reporting date.

The investments are recorded at cost less any accumulated impairment.

Financial instruments

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Receivables and Payables

Trade receivables and trade payables are initially recognised at fair value and are subsequently carried at amortised cost using the effective interest rate method.

Share Capital

Ordinary shares are classified as equity.

3. Critical accounting judgements and key sources of estimation uncertainty

The directors do not consider any of the judgements as critical accounting judgements as defined in IAS 1. In the application of the Company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Mondi Investments Limited

Notes to the financial statements

for the year ended 31 December 2024

3. Critical accounting judgements and key sources of estimation uncertainty (continued)

Significant accounting estimate – Impairment of investments

Fixed asset investments are stated at cost, less, where appropriate, provisions for impairment. Any potential impairment is evaluated based on the net carrying value of the investment against its recoverable amount which has been determined based on current business plans. Any change in future intentions could result in a change in the recoverable amount which may lead to further impairment. See Note 9 ‘Investments’ for the relevant disclosures.

4. Directors and employees

The Company had no employees during the year (2023: none). The directors received no remuneration or emoluments in respect of the services provided to the Company during the year (2023: €nil).

5. Other operating expenses

The audit fee for the audit of the Company’s financial statements of £31,989 (2023: £29,793) has been borne by the Company in both years.

6. Investment income

	2024 €	2023 €
Recognised in the profit and loss account:		
Interest receivable from group undertakings	2,542,575	2,422,485
Other interest income	36	582
Dividends received	1,170,730,636	836,566,152
Total recognised in the profit and loss account	<u>1,173,273,247</u>	<u>838,989,219</u>
Recognised in other comprehensive income		
Dividends received (see note 9)	<u>-</u>	<u>-</u>
Total recognised in the other comprehensive income	<u>-</u>	<u>-</u>

7. Interest payable and similar expenses

	2024 €	2023 €
Interest payable to group undertakings	80,122	9,160
Foreign exchange losses	332,834	149,632
	<u>412,956</u>	<u>158,792</u>

Interest on amounts owing to group undertakings is charged at market rates and amounts owing are payable on demand.

Mondi Investments Limited

Notes to the financial statements

for the year ended 31 December 2024

8. Tax on profit

(a) Analysis of tax charge for the year

	2024	2023
	€	€
Current tax		
UK Corporation tax	-	-
Total tax on profit	-	-

(b) Factors affecting tax charge for the year

The current tax assessed for both years differs from the standard rate of corporation tax in the UK. The differences are explained below:

	2024	2023
	€	€
Profit before tax	1,172,142,904	837,139,053
Profit before tax multiplied by standard rate of corporation tax in the UK of 25.0% (2023: 23.5%)	293,035,726	196,727,677
Effects of:		
Non-taxable dividend income	(292,682,659)	(196,593,046)
Expenditure not deductible for tax purposes	139,229	404,475
Group relief claimed for no payment	(492,296)	(539,106)
Total tax charge for the year	-	-

11. Amounts owed by group undertakings

	2024 €	2023 €
Amounts owed by group undertakings	6,842	313,444

Interest on amounts owed by group undertakings is earned at current market rates and amounts owing are payable on demand.

12. Trade and other payables

	2024 €	2023 €
Amounts owed to group undertakings	115,735	1,471,727
Other payables	2	2
Accruals	37,795	55,962
	153,532	1,527,691

Interest on amounts due to group undertakings is charged at current market rates and amounts due are payable on demand. The amounts owed to group undertakings relate to deposits that are held within a group cash pool account for which a cash pooling arrangement is in place and to intercompany payables for recharged services.

Mondi Investments Limited has issued financial guarantees for €607,281,617 (2023: €90,608,631) in the ordinary course of business for the borrowings of other Group undertakings. The fair value of these issued financial guarantees is deemed to be immaterial and therefore, consistent with prior year, no liability was recognised at year-end.

13. Deferred tax

The Company has the following amounts in respect of which no deferred tax asset has been recognised due to the unpredictability of future profit streams or gains against which these could be utilised:

	2024 €	2023 €
Tax losses – trading		
At 1 January	618,449	618,449
Loss true-up for prior year filed tax return	(87,736)	-
At 31 December	530,713	618,449

The tax losses have no expiry date as at 31 December 2024 (2023: none) and may be carried forward indefinitely.

Mondi Investments Limited
