FROM FIBRE to CORRUGATED BOARD AGENDA 20-22 MAY 2025

Monday, 19 May			
	, Arrival at the hotel according to the confirmation received via e-mail		
Tuesday, 20 Ma	y ● Conference room of the Copernicus Hotel, Bulwar Filadelfijski 11, 87-100 Toruń		
09:00-09:15	Opening and Mondi Group presentation.	Gijs Huisman, Florian Stockert	Mondi
09:15-10:00	Industry 5.0 in the world of smart corrugated board.	prof. Tomasz Garbowski	Poznan University of Life Sciences
10:00-10:30	Forest: sustainable source of raw material.	Dirk Laengin	Mondi
10:30-11:00	Recycled fibre: sustainable source of raw material.	Thomas Kossa	Mondi
11:00-11:15	Live connection from the fast-growing eucalyptus forest in South Africa and the pine forest in northern Poland.	Dean Da Costa, Joanna Bock	Mondi, Polish State Forest
11:15-11:30	Coffee break		
11:30-12:15	Fibre production • Fresh fibre • Recycled fibre • Bleaching of fresh fibre (woodyard, kraft pulp production, semichemical pulp production • pulping, cleaning, screening etc.)	lpek Suter	Mondi
12:15-13:15	Paper machine • Paper production process and paper grades used for corrugated board production (including a brief history of the paper machine) • Live demonstration of paper production on a replica of the 1 st paper machine (patented by L. N. Robert in 1799) • Live connection from one of Mondi Containerboard paper machines (option).	Robert Raniszewski, Marek Motylewski (interactive duet presentation)	Mondi
13:15-14:15	Lunch		
14:15-15:00	Paper parameters • Stiffness, burst, sizing, Gurley test, tensile stiffness, S-test, DST, moisture, substance etc. • Live paper laboratory on site • Live connection from Mondi Tire laboratory (creep test).	Paulina Piórkowska, Piotr Szefler	Mondi
15:00-15:25	Papermaking going into Industry 4.0 solutions or maybe already 5.0?	Bartosz Grajewski	Mondi
15:25-16:00	Main market trends: containerboard, corrugated board and boxes.	Marvin Moehle	Mondi
16:00-16:30	What's new at Mondi Containerboard?	Tomasz Katewicz	Mondi
16:30-17:00	Hybrid papers as the future of sustainable packaging • HSB2 - case study	Marek Motylewski	Mondi
L7:00-17:15	Coffee break - end of the first day of the conference		
20:00-24:00	Dinner in the Jordanki concert hall www.jordanki.torun.pl • Bydgoszcz Symphony Orchestra conducted by Amos Talmon from Israel -	the most beautiful pieces from famou	s ballets
Vednesday, 2 [°]	May • Conference room of the Copernicus Hotel, Bulwar Filadelfijski 11, 87–100 Toruń		
9:00-09:35	Corrugated board production process: emphasizing energy efficiency (examples and remarks).	Freerk van der Laan	Mondi, Corr-Ttag
9:35-10:20	Corrugated board parameters: ECT, BCT, SCT, DST, SST, creep, bending stiffness, puncture test, burst, moisture etc. • Live corrugated board laboratory.	Serhiy Luzan	Mondi
0:20-11:00	Estimating packaging performance – the analogue way.	Marek Motylewski	Mondi
1:00-11:15	Coffee break		
11:15-12:00	Digital laboratory and modelling of corrugated packaging • Live corrugated board laboratory.	Tomasz Gajewski	Femat
0.00.10.00	Latest developments in design and construction of corrugators:		DUIC
2:00-12:20	BHS	t.b.d	BHS
2:20-12:40		Ralf Schomaker t.b.d	Fosber
L2:40-13:00	BW Papersystems Discussion panel: developments in corrugator designs	BHS, Fosber, BW	BW Papersystems Dyskusja
_3:30 - 14:30		BH3, FOSDEI, BVV	Dyskusja
-2.20 It.20			
4:30-14:45		Simon Holmes	IKSP Services Ltd
	AirBond double backer heat transfer system - what's new?	Simon Holmes Aki Leiniäinen	
4:45-15:15	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for Al utilization.	Aki Leiniäinen	Valmet
.4:45-15:15 .5:15-15:45	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for Al utilization. Value of big data for the corrugated plant.	Aki Leiniäinen t.b.d	
4:45-15:15 5:15-15:45 5:45-16:30	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for Al utilization.	Aki Leiniäinen	Valmet BHS
4:45-15:15 5:15-15:45 5:45-16:30 .6:30-17:00	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for Al utilization. Value of big data for the corrugated plant. Flatness of corrugated board as a constant challenge.	Aki Leiniäinen t.b.d Marek Motylewski	Valmet BHS Mondi
4:45-15:15 5:15-15:45 5:45-16:30 6:30-17:00 7:00-17:15	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for AI utilization. Value of big data for the corrugated plant. Flatness of corrugated board as a constant challenge. Printing on paper and corrugated board.	Aki Leiniäinen t.b.d Marek Motylewski Serhiy Luzan	Valmet BHS Mondi
4:45-15:15 5:15-15:45 5:45-16:30 6:30-17:00 7:00-17:15 9:00-24:00	AirBond double backer heat transfer system - what's new? Moisture management on corrugator and foundation for AI utilization. Value of big data for the corrugated plant. Flatness of corrugated board as a constant challenge. Printing on paper and corrugated board. Coffee break - end of the second day of the conference	Aki Leiniäinen t.b.d Marek Motylewski Serhiy Luzan	Valmet BHS Mondi
