Introducing

**Mondi's sustainable
Protective Mailers**

Innovating with Purpose

At Mondi, we're not just another packaging company, we're your innovation partner, creating groundbreaking solutions that address your unique challenges. We know today's eCommerce landscape demands a more sustainable approach to packaging, without compromising on quality. Our resolute commitment to sustainability means we've eliminated plastic, while maintaining outstanding protection. That's why we've introduced Mondi's Protective Mailers.

The unmatched benefits of Mondi's Protective Mailers

Eco-Friendly:

Crafted from 100% paper, our mailer is fully recyclable, eliminating the need for plastic packaging.

Variety:

Choose from standard sizes or opt for a custom fit, ensuring a perfect fit for your products.

User-Friendly:

Quick and easy to use, with a hassle-free sealing process that makes returns a breeze. Plus, we offer additional hotmelt sealing options for effortless returns when needed.

Protection:

Crafted using light but high-strength papers, our mailers have a flexible design that ensures resilience and protection for your products. The innovative design prevents goods from shifting inside the mailer to safeguard products in transit.

Why Choose Mondi as Your Packaging Partner?

Sustainability:

At Mondi, we have a strong foundation of setting and delivering against sustainability targets. Our Mondi Action Plan 2030 (MAP2030) sustainability framework outlines our key commitments for the coming decade.

Innovation:

Our forward-thinking approach, backed by an in-house network of designers and technical engineers, sees your challenge as our challenge. We're dedicated to finding innovative solutions that redefine the industry and cater to your packaging needs.

Expertise along the value chain:

Mondi offers a complete portfolio of eCommerce packaging, including kraft and functional barrier paper, paper bags and corrugated solutions.
