

Release Liner for Hygiene Applications

Sustainable, cost-effective paper-based release liners, designed for customers' specific adhesives, contribute to efficient self-adhesive hygiene solutions.

Features

- 2-colour inline printing capabilities
- Unprinted, generic, or customised print designs
- Individual slitting and packaging possibilities on customer's demand
- Customised release performance from easy to tight

Applications

- Femcare (sanitary napkins, panty liners)
- Light incontinence products

Sustainability

- Responsibly sourced & certified paper
- Unbleached & recycled options
