# Mondi's Sustainable Products Principles (SPP)

## Recyclable

Products recyclable at scale or optimised for recycling in line with our Path to Circularity Scorecard

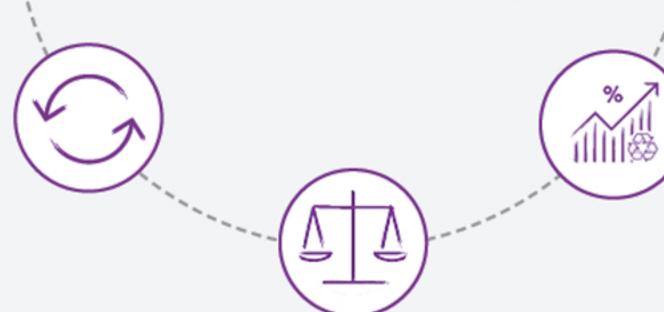

Products certified for industrial or home compostability

#### Reusable

Products designed for reuse for the same purpose as initially conceived

Designing products responsibly across the value chain

#### Responsible sourcing

Products made from responsibly sourced raw materials, in line with our Code of Conduct for Suppliers and commitment to zero deforestation and respect for human rights in our supply chain

#### Renewable materials

Products made with renewable material

### Recycled content

Products made with recycled content (including post-consumer and mechanically or chemically recycled content)

## Resource efficiency

Products designed and manufactured to be fit for purpose to utilise resources and materials most efficiently, minimising emissions
