The payment of all amounts due in respect of the Notes will be unconditionally and irrevocably guaranteed by Mondy plc (the “**Guarantee**” and the “**Guarantor**”, respectively). The aggregate nominal amount of Notes outstanding will not at any time exceed €2,500,000,000 (or the equivalent in other currencies). Application has been made to the Financial Conduct Authority under Part VI of the Financial Services and Markets Act 2000 (“**FSMA**”) (the “**FCA**”) for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the FCA (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) and for such Notes to be admitted to trading on the London Stock Exchange’s Regulated Market (the “**Market**”). References in this Prospectus to Notes being “**listed**” (and all related references) shall mean that such Notes have been admitted to the Official List and have been admitted to trading on the Market. The Market is a United Kingdom (“**UK**”) regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”) (“**UK MiFIR**”). The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Official List and admitted to trading on the Market (or any other stock exchange).

Each Series (as defined in “**Overview of the Programme – Method of Issue**”) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a “**temporary Global Note**”) or a permanent global note in bearer form (each a “**permanent Global Note**”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche (as defined below) to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream, Luxembourg**”). Notes in registered form will be represented by registered certificates (each a “**Certificate**”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates (“**Global Certificates**”). If a Global Certificate is held under the New Safekeeping Structure (the “**NSS**”) the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

This Prospectus has been approved by the FCA, as competent authority under Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the “**UK Prospectus Regulation**”). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation; such approval should not be considered as (a) an endorsement of the Relevant Issuer (as defined below) or the Guarantor; or (b) an endorsement of the quality of any Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Global Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) and Global Certificates which are held under the NSS will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the “**Common Depository**”).

The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in “**Summary of Provisions Relating to the Notes while in Global Form**”.

The Programme has been rated Baa1 by Moody’s Investors Service Ltd. (“**Moody’s**”) and BBB+ by Standard & Poor’s Credit Market Services Europe Limited (“**S&P**”). S&P is established in the European Economic Area (“**EEA**”) and is registered under the Regulation (EC) No.1060/2009 (as amended) (the “**EU CRA Regulation**”). As such, S&P is included on the list of credit rating agencies published by the European Securities and Markets Authority (“**ESMA**”) on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. The ratings issued by S&P have been endorsed by S&P Global Ratings UK Limited, which is established in the UK and registered under Regulation (EC) No.1060/2009 as it forms part of domestic law by virtue of the EUWA (the “**UK CRA Regulation**”). Moody’s is established in the UK and is registered under the UK CRA Regulation. Moody’s is not established in the EEA and has not applied for registration under the EU CRA Regulation. The ratings issued by Moody’s have been endorsed by Moody’s Deutschland GmbH in accordance with the EU CRA Regulation. Moody’s Deutschland GmbH is established in the EEA and registered under the EU CRA Regulation. As such Moody’s Deutschland GmbH is included in the list of credit rating agencies published by ESMA on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation.

Tranches of Notes (as defined in “**Overview of the Programme**”) to be issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to Notes already issued under the Programme. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the UK and registered under the UK CRA Regulation will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Prospective investors should have regard to the factors described under the section headed “**Risk Factors**” in this Prospectus.

This Prospectus comprises two base prospectuses in respect of Mondi Finance plc (“**Mondi Finance**”) and Mondi Finance Europe GmbH (“**Mondi Finance Europe**”) for the purposes of Article 8 of the UK Prospectus Regulation. Each Issuer and the Guarantor accept responsibility for the information contained in this Prospectus and the Final Terms for each tranche of Notes issued, in the case of each Issuer in respect of itself only and the Notes issued by it. To the best of the knowledge of the Issuers and the Guarantor the information contained in this Prospectus and the Final Terms is in accordance with the facts and the Prospectus makes no omission likely to affect the import of such information.

In this Prospectus, references to the “**Issuer**” are to either Mondi Finance or Mondi Finance Europe, as the case may be, as the issuer or proposed issuer of Notes under the Programme as specified in the applicable Final Terms and references to the “**Relevant Issuer**” shall be construed accordingly.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, “**MiFID II**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRiIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by

virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of UK MiFIR. Consequently, no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

BENCHMARK REGULATION

Amounts payable on Floating Rate Notes to be issued under the Programme will be calculated by reference to EURIBOR and LIBOR (as specified in the applicable Final Terms), which are provided by the European Money Markets Institute and ICE Benchmark Administration Limited respectively. As at the date of this Prospectus, the European Money Markets Institute and ICE Benchmark Administration Limited appear on the register of administrators and benchmarks established and maintained by FCA pursuant to Article 36 of the Benchmarks Regulation (Regulation (EU) 2016/1011) as it forms part of domestic law by virtue of the EUWA (the “**UK BMR**”).

This Prospectus has been prepared on the basis that any offer of Notes in the UK will be made pursuant to an exemption under the UK Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in the UK of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the UK Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation, in each case, in relation to such offer. None of the Relevant Issuer, the Guarantor nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Relevant Issuer or any Dealer to publish or supplement a prospectus for such offer.

This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “*Documents Incorporated by Reference*”).

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers, the Guarantor, the Trustee or any of the Dealers or the Arranger (as defined in “*Overview of the Programme*”). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of any of the Issuers or the Guarantor since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of any of the Issuers or the Guarantor since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Subject as provided in the relevant Final Terms, the only persons authorised to use this Prospectus in connection with an offer of Notes are the persons named in the relevant Final Terms as the relevant Dealer or the Managers, as the case may be.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuers, the Guarantor, the Trustee, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

The Notes and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended, (the “**Securities Act**”) or with any securities regulatory authority of any State or other jurisdiction of the United States of America (the “**U.S.**”), and may include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered or sold or, in the case of Notes in bearer form, delivered within the U.S. or to, or for the account or benefit of, U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “*Subscription and Sale*”.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of any Issuer, the Guarantor or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers, the Trustee or the Arranger accept any responsibility for the contents of this Prospectus or for any other statement, made or purported to be made by the Arranger, the Trustee or a Dealer or on its behalf in connection with the Issuers, the Guarantor, or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Prospectus or any such statement. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Relevant Issuer, the Guarantor, the Arranger, the Trustee or the Dealers that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuers and/or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. None of the Dealers, the Trustee or the Arranger undertakes to review the financial condition or affairs of any of the Issuers or the Guarantor during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers, the Trustee or the Arranger.

In connection with the issue of any Tranche (as defined in “*Overview of the Programme – Method of Issue*”), the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “**Stabilisation Manager(s)**”) (or any person acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

The Notes are being offered and sold outside the U.S. to non-U.S. Persons in reliance on Regulation S. For a description of these and certain further restrictions on offers, sales and transfers of Notes and distribution of this Prospectus see “*Subscription and Sale*”.

The Notes may not be a suitable investment for all investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

All such information will be set out in the relevant Final Terms.

RISK FACTORS

Each of the Issuers and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under the Notes issued under the Programme.

Factors which the Issuers and the Guarantor believe may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuers and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuers or the Guarantor may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuers and the Guarantor do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

Factors that may affect the Issuers' and the Guarantor's ability to fulfil their obligations under or in connection with Notes issued under the Programme

Strategic Risks

The Group could be adversely affected by a pandemic

A pandemic may cause the Group to experience material labour shortages, supply chain or operational interruptions, higher input costs, increased cyber security attacks or changes in demand for its products that, if experienced in the Group's major facilities or on a widespread basis, could have a material adverse effect on the Group's business.

As evidenced by the spread of the COVID-19 virus, a pandemic has the potential to impact the technical integrity of Mondi's assets as contractors, suppliers and employees' restricted availability on its sites limit maintenance and capital works. In addition, there is an increased safety risk to employees and contractors due to changes in shift patterns and less interaction by leaders on the mill or plant floor and general health and mental health risks are heightened by a pandemic.

The various COVID-19 lockdowns across the world continue to negatively impact the demand for some of the Group's products, most notably uncoated fine paper, as more people work from home. Lower demand can lead to lower industry operating rates which can lead to pressure on prices.

Furthermore a pandemic could slow down new business development initiatives with Mondi's customers where personal interaction or technical support at customer premises is required, as companies may not allow visitors to their facilities. Many Mondi employees are working from home and this may hinder development of new ideas and team creativity.

The impacts of COVID-19 and any future pandemics are difficult to predict and they could have a material adverse effect on the Group's business, financial condition and/or results of operations

The Group could be adversely affected by global economic conditions and by economic conditions in the markets in which the Group operates

The Group is an international packaging and paper group with around 100 production operations across more than 30 countries. Consequently, the Group's business, financial condition and/or results of operations are affected by changes in global economic conditions. Uncertainties exist concerning the future economic environment, including concerns over increased trade protectionism, the use of trade tariffs, political and economic structural weaknesses in the Eurozone's single currency framework and the uncertainty over the impact of the UK's withdrawal from the European Union (the "EU").

Adverse changes in global economic conditions or economic conditions in the markets in which the Group operates, including as a result of the above developments, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Product prices and raw material costs in the packaging and paper industry are subject to significant fluctuations

Prices for the Group's products are affected by overall changes in capacity and production and by demand for packaging and paper products which is in turn influenced by general economic conditions, changes in consumer spending and inventory levels maintained by its customers. Changes in these factors have, in the past, resulted in significant fluctuations in the prices for the Group's products and can be expected to have a similar effect in the future. Changes in price differ between products and geographic regions and the timing and magnitude of such changes have varied significantly over time and are unpredictable. There can be no assurance that prices for the Group's products will increase or even remain at present levels. Any deterioration in prices, or an increase in raw material costs without a corresponding increase in the price the Group is able to realise, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

In particular, the installation of additional production capacity either by the Group or its competitors building new mills or plants, expanding existing mills or plants or converting existing machines to a grade of paper in which the Group operates could have a disruptive influence in the market as additional capacity can lead to excess supply. This is a particular risk for the Group's pulp and paper producing facilities, where the incremental capacity of a single new facility can be significant relative to the size of the market it serves. The impact on product prices brought about by additional capacity could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Failure to compete successfully could result in a reduction in sales and profitability and have a material adverse effect on the Group's business, financial condition and/or results of operations

The markets for packaging and paper products are highly competitive with many participants. Competition in the markets in which the Group operates is based principally on some or all of the following factors, depending on the product and market involved: price, quality, product specifications and design, location, overall product performance and service. The Group principally competes with several large multinational manufacturers. The Group also competes with numerous regional and/or specialised manufacturers in the markets for most of its products. Some of these competitors may have greater market presence, lower production costs, governmental support and/or financial and other resources than the Group, allowing them to sell at lower prices and make product developments or investments in manufacturing facilities at levels that the Group may not be able to match. Any failure by the Group to compete successfully with other producers of packaging or paper products could result in a reduction in its sales and profitability and have a material adverse effect on the Group's business, financial condition and/or results of operations.

In addition to competition from other manufacturers of paper and film-based packaging products, the Group also faces competition from producers of alternative packaging materials, such as folding cartons, rigid plastic packaging, glass and metal. If the increasing use of such alternative materials for certain applications results in a corresponding decrease in demand for paper and film-based packaging products, or if the Group is unable

to compete successfully with producers of these competitive products, it could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group's operations and the value of its investments in certain countries may be adversely affected by political, economic and legal developments in these countries

The Group has manufacturing operations in a number of countries where the political, economic and legal systems are less predictable than in countries with more developed institutional structures. Political or economic upheaval, inflation, changes in laws, nationalisation or expropriation of privately-held assets and other factors may have a material adverse effect on the Group's operations in these countries and, in turn, the amount of income received from, and the value of, the investments the Group has made in relation to its operations in such countries.

The U.S., the EU and the UK have imposed sanctions on persons and corporate entities in Russia and Ukraine. As at 31 December 2020, the Group had approximately 11 per cent. of its net operating assets in Russia and a limited presence in Ukraine. The political situation relating to Russia and Ukraine is unstable and unpredictable. Although the Group believes it is in compliance with all applicable sanctions restrictions imposed by the U.S., the EU and the UK, and intends to maintain such compliance, any possible future or additional sanctions and/or other measures on the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and/or results of operations.

A further risk of operating in emerging market countries arises from the establishment or enforcement of foreign exchange restrictions, which could effectively prevent the Group from receiving profits from, or selling its investments in, these countries. Other than China, South Africa, Thailand, Egypt or Ukraine, which have exchange controls that regulate the movement of currency in and out of the country, none of the countries in which the Group's operations are located currently has foreign exchange controls that have a significant effect on the Group. However, various of these countries have imposed foreign exchange controls in the past, and no assurance can be given that these countries will not reinstate or initiate such controls in the future.

Significant assets of the Group in certain countries, including Russia, Poland, Slovakia and the Czech Republic, were previously owned by state-owned entities and have been acquired after a privatisation procedure. Privatisations may be vulnerable to challenge, particularly to the extent that privatisation legislation is vague, inconsistent or in conflict with other legislation. No assurance can be given that any relevant privatisation procedure has been properly conducted, and therefore claims may be raised in the future concerning such privatisation procedures to the extent that applicable statutes of limitation have not expired. To the extent that the Group is not successful in defeating any such claim, the Group risks losing its ownership interest in the relevant assets, which could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Changes in consumer preferences and the Group's failure to develop new products to meet changing consumer demand could adversely affect demand for the Group's products

Changes in consumer preferences caused by changing global socio-economic and demographic trends and consumption patterns, and increased public awareness of sustainability challenges, affect the demand for packaging and paper products in general, and demand for specific grades of packaging and paper products in particular. For example, there is increased public and stakeholder focus on the impact of plastic-based packaging on marine and terrestrial ecosystems, heightened environmental considerations and shift in consumer attitudes towards packaging. Factors that may affect the demand for the Group's products include reduced weight of packaging materials, increased use of recycled raw materials, increased penetration of digital channels, substitution of plastic packaging, substitution of rigid plastic by flexible packaging, increased demand for high-quality printed material, increased demand for paper-based packaging, certified and responsibly produced goods, new ways of working and changes in demand for specific material qualities such as recyclable/biodegradable packaging.

In addition, customers may substitute packaging products currently produced by the Group for products that the Group does not currently produce.

The Group's ability to meet shifts in consumer demand will depend upon its ability to correctly anticipate changes in consumer preferences and its ability to develop and produce new products on a sustainable, competitive and cost-effective basis. There can be no assurances that the Group will be able to meet changes in consumer preferences in the future, and the failure to do so could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Climate change, or legal, regulatory or market measures to address climate change, may negatively affect the Group's business or operations

There is a growing concern that carbon dioxide and other greenhouse gases in the atmosphere are having an adverse impact on global temperatures, weather patterns and the frequency and severity of extreme weather and natural disasters. The Group's manufacturing operations are energy-intensive and result in greenhouse gas emissions. Customers and consumers are increasingly concerned about the consequences of climate change and are looking for solutions produced from renewable materials and reduced carbon footprints. As countries explore options to transition to low carbon economies in order to achieve international commitments to respond to the risk of climate change, laws are being implemented to enforce both mitigation and adaptation measures to deal with and reverse the effects of climate change. These measures, which include carbon taxes and emission trading schemes, may negatively affect the Group's operations and the cost of doing business. Changes in precipitation patterns and extreme weather conditions such as floods, storms, droughts and fires may impact the Group's plantations and the forests from which it sources wood and could result in fibre supply chain interruptions and higher fibre costs. Higher temperatures may increase the vulnerability of forests to pests and diseases. Increased severity of extreme weather events may also interrupt operations and supply chain. In water-scarce countries the Group may see an impact on its production process as a result of limited water availability. The effects of climate change could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Adverse land claim rulings or adverse changes in legislation governing land ownership in South Africa could have a material adverse effect on the Group's business, financial condition and/or results of operations

In South Africa, the Land Claims Act provides remedies for persons who were dispossessed of rights in land as a result of past racially discriminatory laws or practices. The Land Claims Court is empowered to make orders requiring the restoration of land (or any portion thereof), the payment of compensation (including to the landowner), compelling the state to include a claimant as a beneficiary in the state support programme for housing or granting the claimant an appropriate right in alternatively designated state land or any alternative or appropriate relief. The Group is aware that a number of land claims have been lodged in relation to its owned and leased South African properties. As at 31 December 2020, 21 claims regarding the Group's holdings have been settled, with 37,000 hectares transferred to community beneficiaries. Under the settlements, structured as sale and leaseback arrangements in most cases, the Group retained ownership of the forests while ownership of the land was transferred to the claimant communities. It is anticipated that the claims settled to date can continue to provide a framework for settling future land claims. With the settlement of these 21 land claims, approximately a further 76,000 hectares of the Group's owned forestry land in South Africa remains subject to 45 unresolved land claims, of which 28 claims covering 39,000 hectares have been published in the South African Government Gazette. The Group is permitted to continue maintaining and harvesting the forests throughout the settlement process for the land claims. Management believes, based on precedent in the agricultural sector in South Africa that up to half of the land the Group leases may also be subject to land claims. Under current South African law, these leases will remain unaffected by the land claims, and the Group will continue as lessee of the properties regardless of whether or not the land claims are successful. The Group can give no assurance that these land claims, or any other land claims of which it is not aware, will not have an adverse effect on the Group's rights to the properties that are subject to the land

claims. Furthermore, following certain amendments to the Land Claims Act, the land claims process was reopened with claimants having until June 2019 to lodge their claims. A court challenge led to a decision by the South African Constitutional Court that the amendments were not in line with the South African Constitution, and ordering the preparation of new legislation requiring that all existing land claims lodged before 31 December 1998 be finalised before any claims lodged under the amendments to the Land Claims Act are processed. From the date of the judgment, no new claims may be lodged, pending the enactment of a new amendment to the Land Claims Act correcting the constitutional shortcomings. The Group is not aware of the exact number of, or the full extent of, claims which may implicate the Group's land. Adverse land claim rulings or limitations on the amount of land ownership could have a material adverse effect on the Group's business, financial condition and/or results of operations.

In February 2018, a motion was passed in the National Assembly in South Africa for Section 25 of the South African Constitution to be reviewed and potentially amended to make it possible for the state to expropriate land in the public interest without compensation. A process to have the South African Constitution amended accordingly has started. In October 2020, the South African government published an updated draft of the new land expropriation bill (the "2020 Bill") ahead of its official introduction to parliament. The 2020 Bill is set to replace the current Expropriation Act of 1975 and details how and under which circumstances expropriation (with and without compensation) can take place in South Africa. There could be other changes in legislation governing land ownership in South Africa. Any adverse changes in legislation or regulations governing land ownership in South Africa, whether through constitutional amendments, adoption of new legislation or otherwise, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Financial Risks

Exchange rate and/or interest rate fluctuations may have a material adverse effect on the Group's financial results

As a result of the global nature of the Group's business, changes in foreign currency rates could have an adverse impact upon its business, financial condition and/or operating results. Currency fluctuations affect the Group because of mismatches between the currencies in which operating costs are incurred and those in which revenues are received. Key operating cost currencies that are not fully offset by local currency denominated revenues include the South African rand, Polish zloty, Swedish krona and Czech koruna, while the revenues generated in U.S. dollar, Russian rouble, Turkish lira and UK pound sterling are greater than operating costs incurred in those currencies.

The Group's reported earnings may also be affected by fluctuations between the euro, which is its reporting currency, and the non-euro currencies in which many of its various subsidiaries report their results of operations. In addition, appreciation of the euro compared with the currencies of the other key paper producing regions or paper pricing currencies, notably the U.S. dollar, would reduce the competitiveness of the products the Group produces in Europe compared to imports from such key paper producing regions which could potentially lead to lower revenues and earnings.

In addition, the Group primarily funds its businesses in their local currencies to minimise currency translation risk. This exposes the Group to interest rate risks associated with these currencies, the principal ones being the euro, Czech koruna and Polish zloty. The Group aims to manage this interest rate risk through interest rate swaps and borrowing at fixed interest rates. However, it is not the Group's policy to hedge all of its interest rate exposure.

The Group's net debt of EUR 1,791 million as at 31 December 2020 after taking into account foreign exchange swaps is denominated in a number of currencies, the three largest positions being the euro (40 per cent.), Polish zloty (17 per cent.) and Czech koruna (16 per cent.).

As a result, a change in exchange rates or interest rates could have a material adverse effect upon the Group's business, financial condition and/or results of operations.

Adverse economic and credit market conditions may have a material adverse effect on the Group's ability to raise future debt or equity

The Group's ability to raise debt and/or equity financing in the medium and longer term will be significantly influenced by, among other things, general economic conditions, developments in the credit markets, volatility in the equity markets, investors' desire to maintain cash and to assume additional levels of risk and its credit rating. There can be no assurance that the Group will be able to raise debt and/or equity finance on attractive terms, or at all, and it may need to seek additional financing from alternative sources, which could be on unfavourable terms or at a higher cost than it currently pays. If this were to occur, it could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Moreover, incurrence of additional debt financing would increase the Group's interest expense and reduce cash available for other purposes and could involve restrictive covenants that could have a negative impact on its ability to operate its business in the desired manner. A failure to obtain funds could prevent the Group from realising its strategy and could, in turn, have a negative impact on the Group's competitive position and a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group may be adversely affected by changes in tax laws

The Group operates in a number of countries and its earnings are subject to tax in those countries. Tax laws and regulations of the countries in which the Group operates may be subject to change, varying or adverse interpretation or inconsistent enforcement in a manner that is adverse to the Group. For example, whilst arm's length principles are applied in the pricing of all intra group transactions in accordance with Organisation for Economic Co-operation and Development guidelines, these are subject to review during tax audits. The amount of tax paid could be changed or increased in a manner which is adverse to the Group. Any changes in tax laws could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group's insurance coverage may be insufficient to cover losses or it could be subject to uninsured liabilities which could materially affect its business, results of operations or financial condition

There are circumstances where insurance will not cover or be adequate to cover the consequences of an event, or where the Group may become liable for costs incurred in events or incidents against which it either cannot insure or may have elected not to have insured (whether on account of prohibitive premium costs or for other commercial reasons). Although the Group maintains insurance that it considers to be adequate, liabilities might exceed policy limits. Insurance fully covering environmental risks (including potential liability for pollution or other hazards as a result of disposal of waste products occurring from production and processing) is not generally available to the Group. An uninsured loss could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Each Issuer is a finance vehicle

Each Issuer is a finance vehicle. Each Issuer's primary business is the raising of money for the purpose of on-lending to other members of the Group. Substantially all of Mondi Finance's and Mondi Finance Europe's assets are loans and advances made to other members of the Group. The ability of each Issuer to satisfy its obligations in respect of Notes issued by that Issuer will depend upon payments made to it by other members of the Group in respect of loans and advances made by that Issuer.

Operational Risks

A period of high raw materials, energy or consumables costs could negatively affect the Group's profitability

Raw materials, energy and consumables used by the Group include significant amounts of wood, pulp, paper for recycling, packaging papers, plastic resins, plastic films and chemicals. Over the last three years, raw materials, energy and consumables accounted for approximately 60 per cent. of the Group's total operating costs. The prices for many of these raw materials generally fluctuate in correlation with global commodity cycles. There can be no assurance that the Group will be able to secure all of its future resource requirements at acceptable prices or that the Group's margins for some or all of its products will not decline due to an inability to pass on the full impact of increased costs associated with resource inputs. An increase in the cost of the Group's raw materials, to the extent not reflected in the prices for the Group's products, could have a material adverse effect on the Group's business, financial condition and/or results of operations. Furthermore, wood prices and availability may be adversely affected in some of the countries where the Group is active due to reduced quantities of available wood supply or further initiatives to promote increased use of wood as a renewable energy source. It may also be difficult to procure sufficient wood or other raw materials which meet changing legislative and regulatory requirements and/or customer requirements for the use of fibre from sustainable sources or sources which meet chain-of-custody requirements. Any difficulties in procuring wood or sustained increase in wood prices could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group is a significant consumer of electricity and it both purchases electricity from external suppliers and generates it internally. To the extent that the Group generates its own electricity other than from biomass and other by-products of the pulp and paper production process, it is dependent on outside suppliers for raw materials such as gas, oil and coal used in the production of electricity. Consequently, increases in the prices of electricity and/or the raw materials used in the production of internally generated electricity could have a material adverse effect on the Group's business, financial condition and/or results of operations. There can be no assurance that the Group will be able to secure all of its future energy requirements at price levels that are comparable to those that have prevailed in the past or that the Group's margins for some or all of its products will not decline due to an inability to pass on the full impact of costs associated with resource inputs. To the extent the Group generates electricity internally in excess of its own requirements, it may sell such surplus electricity externally.

The Group may also generate revenues from the sale of green energy credits by certain of its operations. Consequently, decreases in prices of electricity or green energy credits could have a material adverse effect on the Group's business, financial condition and/or results of operations.

To the extent that the Group relies on purchasing electricity from external suppliers, it may not be able to purchase a sufficient supply to meet its operational requirements. In particular, South Africa has faced, and continues to face, periodic shortages of electricity and increases in electricity prices in excess of the consumer price index are forecast. The implementation of measures arising for general shortages in electricity supply (including load shedding and reduced electricity consumption programs) may result in electricity interruptions and shortages and possibly also increases in spot electricity prices. As a result, the Group may suffer significant price increases and/or interruptions of electricity supply, which could have a material adverse effect on its business, financial condition and/or results of operations.

Significant interruption to the operations of any of the Group's major facilities could have an adverse impact on the Group's financial results

The Group has five major mills which together account for approximately 75 per cent. of the total pulp and paper production capacity of the Group as of 31 December 2020. These are the Štětí mill in the Czech Republic, the Świecie mill in Poland, the Syktyvkar mill in Russia, the Ružomberok mill in Slovakia and the Richards Bay mill in South Africa. The Group also has a significant consumer packaging manufacturing

facility located in Gronau, Germany. If operations at any of these key facilities were interrupted for any significant length of time for any reason, including fires, drought, explosions or large machinery breakdowns, planned or unplanned maintenance, or work stoppages due to labour disputes or material labour quarantine or staff absences (including as a result of COVID-19), it could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group is subject to a growing number of environmental, health and safety laws and regulations, and the cost of compliance with, and any liabilities under, current and future laws and regulations could reduce profit margins and earnings

The Group's operations generate hazardous and non-hazardous waste and emissions into the air and water. The Group is subject to a wide range of international, national, state and local environmental, health and safety laws and regulations in all the jurisdictions where it operates or where the relevant waste or emission occurs, including those governing the discharge of pollutants into the air and water, the use, storage and disposal of hazardous substances and waste and the clean-up of contaminated properties. Other applicable environmental laws relate to, among other things, forestry management, the use of recycled material and extended product responsibility principles. The growth of plastic waste in recent years is driving an increased demand for sustainable packaging solutions, and is a driving force behind emerging regulation by governments to tax or ban the use of certain plastics, particularly single-use plastics. The Group could incur significant costs, including fines, penalties, civil and criminal sanctions, investigation, restoration and clean-up costs and third-party claims for property damage or personal injury, as a result of violations of or liabilities under environmental laws and regulations or otherwise. These requirements are complex, frequently change and have tended to become more stringent over time. The costs of complying with such laws and regulations, or future environmental laws and regulations, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

While the Group has procedures to comply with applicable environmental and health and safety requirements, there can be no assurance that it will be at all times in compliance with such requirements, that it will not incur material costs or liabilities in connection with such requirements in the future or that it will be able to obtain and maintain all licences, consents or other permits necessary to operate its business. Similarly, there can be no assurance that it will not experience an environmental spill or accident or discover or otherwise become liable for environmental contamination in the future (including such liability for contamination resulting from historical activities relating to properties or businesses that it has sold). The Group may incur significant expenditure in connection with the required remediation of past environmental conditions at both currently-owned and formerly-owned facilities.

The Group may not be able to attract, retain or engage a talented workforce

The Group's continued success is driven by its people and key to its long-term success is attracting, retaining, recruiting and developing a skilled and committed workforce. Access to the right skills, particularly management and technical skills is critical to support the performance and growth of its business. The Group has operations in remote locations and operates in highly competitive markets which makes attracting and retaining skilled employees challenging. Losing skilled employees or failing to attract new talent to the Group has the potential to undermine our ability to drive performance and deliver on the Group's strategic objectives. Poor engagement with the Group's workforce risks labour disputes leading to a substantial interruption to the overall business of the Group. The failure of the Group to attract, retain or engage its employees may cause a significant disruption to the Group's business, including its ability to implement the Group's strategy, which could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group is exposed to the risk of default by its customers and suppliers

The Group has entered into a number of financial and other agreements with customers, suppliers and other counterparties. The Group is exposed to the risk of default by customers who have agreed to purchase

products from the Group, suppliers who have agreed to supply goods or services to the Group and others with whom the Group has entered into financial and other arrangements. The Group's customers and suppliers may be adversely affected by economic conditions, disruptions to the capital and credit markets and decreased demand for their products and services. The Group's exposure to default by counterparties may increase if economic conditions deteriorate. If any of the Group's key customers or suppliers, or a significant number of smaller customers and suppliers, are further adversely affected by these risks, the Group may face further reductions in demand for its products, failure of customers to pay invoices when due and disruptions in supply or distribution channels which may have a material adverse effect on the Group's business, financial condition and/or results of operations.

Capital investment in projects may require substantial funds and carry risks which might adversely affect the Group's business

The Group's business is capital intensive and therefore requires ongoing capital investment to expand, maintain or upgrade existing facilities, to develop new facilities and to ensure compliance with new regulatory requirements. Projects that require significant capital expenditure carry risks that include, but are not limited to, failure to complete a project within the prescribed project timetable and/or within budget, failure of the project to perform according to prescribed operating specifications following its completion and significant, unforeseen changes in input costs or inability to sell the envisaged volumes or achieve envisaged price levels.

Due to the significant amount of capital required and the long lead time between planning and completion of these projects, project failure could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group may be adversely affected by increasing costs to maintain its required level of workforce

The Group's workforce constitutes a significant proportion of its cost base. In addition, the Group operates in certain jurisdictions where wages are typically significantly below levels in more mature markets. As the economies of such emerging markets develop, it is possible that there will be above inflationary pressures on wages. The Group is forecasting above inflation wage increases in some of its operations based in emerging markets. Any inflationary pressures, as well as changes in applicable laws and regulations or other factors resulting in increased labour costs, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Failure to integrate successfully and manage acquired operations may adversely affect the Group's business

To the extent that the Group seeks further growth through acquisitions of, or mergers with, other companies, it faces risks, including unidentified liabilities of the companies which it may acquire or merge with, the possible inability to integrate successfully and manage acquired operations and personnel and the potential failure to achieve the economies of scale, synergies or other benefits sought. Any difficulties or delays in achieving successful integration of new acquisitions could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Forests are exposed to a number of natural risks and hazards which could cause disruptions to the Group

Forests are exposed to a number of natural risks and hazards which are outside the control of the Group, including fire, insect infestation, diseases, epidemics, extreme weather, droughts or floods and other natural events which, in each case, may have an adverse impact on the timing of harvests, reduce the volume and value of wood harvested from the Group's forests or impact the Group's ability to produce wood internally. Any need to purchase additional wood from third parties could adversely affect the Group's business, financial condition and/or results of operations.

Compliance Risks

Cost of compliance with the laws and regulations in the jurisdictions in which the Group operates could have a material adverse effect on the Group's business, financial condition and/or results of operations

The Group is subject to a wide range of laws and regulations in all the jurisdictions in which it operates, including international, national, state and local laws and regulations. These include laws and regulations relating to environmental protection, including the management of natural resources and use of hazardous substances, greenhouse gas emissions, exports, price controls, import controls, including tariffs and quotas, repatriation of capital and exchange controls, sanctions, anti-bribery, data protection, human rights, labour standards and occupational health and safety. These requirements are complex, frequently changing and have tended to become more stringent over time. The costs associated with compliance with these laws and regulations are substantial and possible future laws and regulations or changes to existing laws and regulations could require the Group to incur additional expenses or capital expenditures or result in restrictions on or suspensions of the Group's operations, or, in the case of import tariffs, affect the competitiveness of the Group's products in those markets. Furthermore the failure of the Group to comply with laws and regulations in the jurisdictions in which it operates could disrupt the Group's operations and adversely impact the Group's reputation. Any such cost increases or changes in tariffs could have a material adverse effect on the Group's business, financial condition and/or results of operations.

The Group could be adversely affected by the application of competition laws

In recent years, in a number of jurisdictions, such as the EU, antitrust investigations and actions have been launched against companies in industries in which the Group participates. The Group faces the risk that its business could be adversely affected by the application of competition laws to any agreements or practices in which the Group may have been engaged or to which it is party.

If the Group is found to be, or to have been, party to any agreements or practices which infringe competition law, the relevant agreements could be void and unenforceable in whole or in part. A finding of infringement of competition law could have an impact on the manner in which the Group conducts its business and could lead, among other things, to substantial fines being imposed and/or damages claims from third parties.

The Group is exposed to information technology ("IT") and cybersecurity risk

The Group's operations are dependent on the availability of its IT systems. The threat posed by cyber-attacks continues to grow and potential attacks are increasingly sophisticated and wider in scope. The Group has an IT security policy in place and carries out regular risk assessments. The occurrence of one or more cyber-attacks may result in compromised data, financial fraud and the shutdown of production. Failure to adequately manage cyber security risk could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

1. Risks related to the structure of certain types of Notes which may be issued under the Programme

Notes subject to optional redemption by the Relevant Issuer

The Issuers may issue Notes that are callable, at the option of the Relevant Issuer, either at certain times or at any time during the life of the Notes. An optional redemption feature is likely to limit the market value of Notes. During any period when the Relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR

As of the date of this Prospectus, the Issuers do not have any outstanding Floating Rate Notes issued under the Programme. However, the Issuers may issue Floating Rate Notes, the interest rate on which fluctuates according to fluctuations in a specified interest rate benchmark (“**Benchmarks**”). On 5 March 2021, the FCA published a statement on the future cessation and loss of representativeness of all LIBOR currencies and tenors. Permanent cessation will occur immediately after 31 December 2021 for all euro and Swiss Franc LIBOR tenors and certain Sterling, Japanese Yen and U.S. Dollar LIBOR settings and immediately after 30 June 2023 for certain other USD LIBOR settings. In relation to the remaining LIBOR settings (1-month, 3-month and 6-month Sterling, U.S. Dollar and Japanese Yen LIBOR settings), the FCA will consult on, or continue to consider the case for, using its powers to continue their publication under a changed methodology for a further period after end-2021 (end-June 2023 in the case of U.S. Dollar LIBOR). The announcement states that consequently, these LIBOR settings will no longer be representative of the underlying market that such settings are intended to measure immediately after 31 December 2021, in the case of the Sterling and Japanese Yen LIBOR settings and immediately after 30 June 2023, in the case of the USD LIBOR settings. Any continued publication of the Japanese Yen LIBOR settings will also cease permanently at the end of 2022.

Similar regulatory developments (including Regulation (EU) 2016/1011, as amended (the “**EU Benchmarks Regulation**”) and the UK BMR) in relation to other Benchmarks may lead to similar consequences for such other Benchmarks. Developments in this area are ongoing and could increase the costs and risks of administering or otherwise participating in the setting of a Benchmark, such that market participants are discouraged from continuing to administer or contribute to a Benchmark. These reforms and changes may also cause a Benchmark to perform differently than it has done in the past, to be discontinued or have other consequences which cannot be predicted. See also the risk factor headed “*Floating Rate Notes – Benchmark Discontinuation*” below.

Accordingly, in respect of any Notes referencing a relevant Benchmark, such reforms and changes in applicable regulation could have a material adverse effect on the market value of and return on such Notes (including potential rates of interest thereon).

Floating Rate Notes – Benchmark Discontinuation

(i) *Temporary unavailability of the Relevant Screen Page*

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the Original Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, the Conditions provide for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of the Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was

discontinued. Uncertainty as to the continuation of the Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the Original Reference Rate is discontinued may adversely affect the value of, and return on, the Floating Rate Notes.

(ii) *Benchmark Events*

Benchmark Events include, amongst other things, the Original Reference Rate ceasing to exist or being permanently discontinued, as well as any public statements made by the regulatory supervisor for the administrator of the Original Reference Rate that the benchmark is no longer representative. If an Issuer determines that a Benchmark Event occurs, that Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest is likely to result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to be referenced. In addition, the market (if any) for Notes linked to any such Successor Rate or Alternative Rate may be less liquid than the market for Notes linked to the Original Reference Rate.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Conditions provide that the Issuer may vary the Conditions and/or the Trust Deed, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders or Couponholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions also provide that an Adjustment Spread will be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate.

(iii) *Adjustment Spread*

The Adjustment Spread is (i) the spread, formula or methodology which is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body (which may include a relevant central bank, supervisory authority or group of central banks/supervisory authorities), (ii) if no such recommendation has been made, or in the case of an Alternative Rate, the spread, formula or methodology which the Independent Adviser determines is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate, (iii) if the Independent Adviser determines that no such spread is customarily applied, the spread, formula or methodology which the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be, or (iv) if no such spread, formula or methodology can be determined in accordance with (i) to (iii) above, the spread, formula or methodology which the Independent Adviser, acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to the Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or Alternative Rate.

Accordingly, the application of an Adjustment Spread may result in the Notes performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

(iv) *Potential for a fixed rate return*

An Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate and in either case an Adjustment Spread in accordance with the terms and conditions of the Notes.

Where an Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable to determine a Successor Rate or Alternative Rate and in either case an Adjustment Spread before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Accrual Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where an Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed to determine a Successor Rate or Alternative Rate and in either case an Adjustment Spread in respect of any given Interest Accrual Period, it will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate and in either case an Adjustment Spread to apply the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate and in either case an Adjustment Spread could be determined.

If an Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate and in either case an Adjustment Spread for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the Floating Rate Notes, in effect, becoming Fixed Rate Notes.

(v) *ISDA Determination*

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. If a public statement is made by the regulatory supervisor for the administrator of the Original Reference Rate that the benchmark is no longer representative and a Successor Rate or Alternative Rate is determined, ISDA Determination will not apply. Where the Floating Rate Option specified is an "IBOR" Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may, adversely affect the value of, and return on, the Floating Rate Notes.

Inverse Floating Rate Notes

The Issuers may issue Inverse Floating Rate Notes, the interest rate on which fluctuates according to fluctuations in a specified interest rate benchmark. Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

The Issuers may issue Fixed/Floating Rate Notes which bear interest at a rate that the Relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis may affect the secondary market and the market value of such Notes as the change of interest basis may result in a lower interest return for Noteholders. If the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes issued at a substantial discount or premium

The Issuers may issue Zero Coupon Notes or interest paying notes which are issued at a discount, and may issue notes at a premium to par. The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Exchange rate risks and exchange controls

The Issuers may issue Notes in any currency. The Relevant Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Issuers may issue Notes which pay a fixed rate of interest. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

2. Risks related to all Notes issued under the Programme

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally or to pass Resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the Written Resolution or give their consent electronically and, including those Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) any Benchmark Amendments (as defined in the

Conditions) required by the Relevant Issuer pursuant to Condition 5(k)(i) or 5(k)(iii) or (iv) the substitution of another company as principal debtor under any Notes in place of the Relevant Issuer, or as guarantor of the Notes in place of the Guarantor, in the circumstances described in Condition 11 of the Terms and Conditions of the Notes.

Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Integral multiples of less than €100,000

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country non-EEA rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measure being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. In each case, this is subject to (i) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (ii) transitional provisions that apply in certain circumstances. Furthermore, in the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the UK, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

If the status of the rating agency rating the Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market.

Certain information with respect to the credit rating agencies and ratings is set out on the cover page of this Prospectus and will be disclosed in the Final Terms if applicable.

Risks related to Notes issued by Mondi Finance Europe under the Programme

Risk of appointment of a trustee (Kurator) for the Notes (in case of Mondi Finance Europe acting as Issuer)

Pursuant to the Austrian Notes Trustee Act (*Kuratorenengesetz*) as supplemented by the Austrian Notes Trustee Supplementation Act (*Kuratorenergänzungsgesetz*), a trustee (*Kurator*) can be appointed by an Austrian court upon the request of any interested party (e.g. a Noteholder) or upon the initiative of the competent court, for the purposes of representing the common interests of the Noteholders in matters concerning their collective rights. In particular, this may occur if insolvency proceedings are initiated against Mondi Finance Europe as Issuer, in connection with any amendments to the terms and conditions of the Notes or changes relating to the Issuer, or under other similar circumstances. Even though English law applies to the Notes and the Terms and Conditions provide for the inapplicability of the Austrian Notes Trustee Act, it cannot be excluded that an Austrian court rejects the exclusion of the applicability of the Austrian Notes Trustee and appoints a trustee, because Mondi Finance Europe as Issuer is an Austrian company. If a trustee is appointed, it will exercise the collective rights and represent the interests of the Noteholders and will be entitled to make statements on their behalf which shall be binding on all Noteholders. Where a trustee represents the interests and exercises the rights of Noteholders, this may conflict with or otherwise adversely affect the interests of individual or all Noteholders. The role of an appointed trustee may also conflict with provisions of the Terms and Conditions related to majority resolutions of Noteholders pursuant to the Terms and Conditions and English law.

3. Risks related to Taxation

U.S. Foreign Account Tax Compliance Act Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, as amended, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including the UK) have entered into, or have agreed in substance to, intergovernmental agreements with the U.S. to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the

date on which final regulations defining foreign passthru payments are published in the U.S. federal register. In the preamble to the proposed regulations, the U.S. Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Additionally, Notes characterised as debt (or which are not otherwise characterised as equity for U.S. federal tax purposes and have a defined term) that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are published generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “*Terms and Conditions of the Notes—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by a Trust Deed dated 25 March 2010 (as supplemented, amended and restated by a first supplemental trust deed dated 15 April 2011, a second supplemental trust deed dated 4 May 2012, a third supplemental trust deed dated 8 May 2013, a fourth supplemental trust deed dated 25 June 2014, a fifth supplemental trust deed dated 2 June 2016, a sixth supplemental trust deed dated 4 April 2017, a seventh supplemental trust deed dated 12 April 2018, an eighth supplemental trust deed dated 26 March 2020 and a ninth supplemental trust deed dated 20 May 2021 and as further amended or restated and/or supplemented as at the date of issue of the Notes (the “**Issue Date**”) or from time to time thereafter, the “**Trust Deed**”) between Mondi Finance plc, Mondi Finance Europe GmbH (each, an “**Issuer**” and together, the “**Issuers**”), Mondi plc (the “**Guarantor**”), and Deutsche Trustee Company Limited (the “**Trustee**”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions (the “**Conditions**”) include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Amended and Restated Agency Agreement dated 20 May 2021 (as further amended or restated and/or supplemented as at the Issue Date or from time to time, the “**Agency Agreement**”) has been entered into in relation to the Notes between the Issuers, the Guarantor, the Trustee, Deutsche Bank AG, London Branch as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the other paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Issuing and Paying Agent**”, the “**Paying Agents**” (which expression shall include the Issuing and Paying Agent), the “**Registrar**”, the “**Transfer Agents**” (which expression shall include the Registrar) and the “**Calculation Agent(s)**”. Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the office of the Trustee (presently at Winchester House, 1 Great Winchester Street, London EC2N 2DB, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

References in these Conditions to the “**Issuer**” shall be to the party specified as such in the applicable Final Terms.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

The Noteholders, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) relating to Notes in bearer form are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

As used in these Conditions, “**Tranche**” means Notes which are identical in all respects.

1 **Form, Denomination and Title**

The Notes are issued in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”) in each case in the Specified Denomination(s) shown hereon provided that the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, or a combination of any of the foregoing depending upon the Interest Basis shown in the applicable Final Terms.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 **No Exchange of Notes and Transfers of Registered Notes**

(a) *No Exchange of Notes*

Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.

(b) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of

the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Condition 2(b) or (c) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) *Transfers Free of Charge*

Transfers of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Guarantor, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) *Closed Periods*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption in respect of, that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3 Guarantee and Status

(b) *Status of Notes and Guarantee*

The Notes and Coupons relating to them constitute direct, unconditional, unsubordinated and (subject to Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The Guarantee constitutes a direct, unconditional, unsubordinated and (subject to Condition 4) unsecured obligation of the Guarantor. The payment obligations of the Issuer under the Notes and the Coupons and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer and the Guarantor respectively, present and future.

4 Negative Pledge

So long as any Note or Coupon remains outstanding (as defined in the Trust Deed), neither the Issuer nor the Guarantor will, and will, insofar as it is able to by the proper exercise of voting and other rights or powers of control exercisable by it, ensure that no subsidiary of the Guarantor will, create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, or other arrangement having a similar effect to a security interest (“**Security**”), upon all or any of its present or future revenues or assets to secure any Financial Indebtedness other than any Permitted Security without at the same time or prior thereto according to the Notes and the Coupons and all amounts payable under the Trust Deed, to the satisfaction of the Trustee, the same Security as is created or subsisting to secure any such Financial Indebtedness or such other security or other arrangement (whether or not comprising security) as either (i) the Trustee shall in its absolute discretion deem not materially less beneficial to the interest of the Noteholders or (ii) shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

5 Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f).

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought

forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest*

The Rate of Interest for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this paragraph (A), “**ISDA Definitions**” means the 2006 ISDA Definitions as updated and amended as at the Issue Date (as published by the International Swaps and Derivatives Association, Inc.) and “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation

Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (y) If the Relevant Screen Page is not available or if paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Issuer and/or an agent appointed by the Issuer shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal eurozone office of each of the Reference Banks, to provide the Issuer and/or an agent appointed by the Issuer with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuer and/or an agent appointed by the Issuer with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and the Issuer and/or an agent appointed by the Issuer determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuer and/or an agent appointed by the Issuer by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London interbank market or, if the Reference Rate is EURIBOR, the eurozone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Issuer and/or an agent appointed by the Issuer with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Issuer and/or an agent appointed by the Issuer it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the eurozone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different

Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer or an independent third party selected by the Issuer determines appropriate and notifies to it.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).

(d) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(e) Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding:

- (i) If any Margin is specified hereon (either (x) generally or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “**unit**” means the lowest amount of such currency that is available as legal tender in the countries of such currency.

(f) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(g) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and repayable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) **Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency;
- (ii) in the case of euro, a day on which the TARGET2 system is operating (a “**TARGET Business Day**”); and/or
- (iii) in the case of a currency and/or one or more Business Centres a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or an Interest Accrual Period, the “**Calculation Period**”):

- (i) if “**Actual/Actual**” or “**Actual/Actual-ISDA**” is specified hereon, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified hereon, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified hereon, the actual number of days in the Calculation Period divided by 360;
- (iv) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(j) Step Down Rating Change or Step Up Rating Change

- (i) If the Step Down Rating Change or Step Up Rating Change is specified in the applicable Final Terms, the Rate of Interest payable on the Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change or a Step Down Rating Change, as follows:

- (A) subject to paragraph (C) below, from and including the first Interest Payment Date falling on or after the date of a Step Up Rating Change, the Rate of Interest payable on the Notes shall be the Initial Rate of Interest plus the Step Up Margin specified hereon;
 - (B) subject to paragraph (C) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date falling on or after the date of such Step Down Rating Change, the Rate of Interest payable on the Notes shall be decreased by the Step Up Margin specified hereon so that it again becomes the Initial Rate of Interest; and
 - (C) if a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Interest Period, the Rate of Interest payable on the Notes shall neither be increased nor decreased as a result of either such event.
- (ii) The Issuer and the Guarantor shall use all reasonable efforts to maintain a credit rating for the Notes from each Adjustment Rating Agency.
 - (iii) The Issuer will cause the occurrence of a Rate Adjustment to be notified to the Trustee, the Paying Agents and (in accordance with Condition 16) the Noteholders as soon as reasonably practicable after the occurrence of the relevant event but in no event later than the fifth London Business Day thereafter.
 - (iv) Notwithstanding any other provision contained herein, there shall be no limit on the number of times that the Rate of Interest may be adjusted pursuant to a Step Up Rating Change or a Step Down Rating Change during the term of the Notes, provided that at no time during the term of the Notes will the Rate of Interest be less than the Initial Rate of Interest or more than the Initial Rate of Interest plus the Step Up Margin specified hereon.

In these Conditions:

If the rating designations employed by either Moody’s or S&P are changed from those which are described in the definition of **“Minimum Rating Requirement”** above, or if a rating is procured from an Adjustment Substitute Rating Agency, the Issuer or the Guarantor shall determine, with the agreement of the Trustee, the rating designations of Moody’s or S&P or such Adjustment Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody’s or S&P and this Condition 5(j) shall be construed accordingly.

(k) Benchmark Discontinuation

(i) Independent Adviser

If the Issuer determines that a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(k)(ii)) and, in either case, an Adjustment Spread and any Benchmark Amendments (in accordance with Condition 5(k)(iii)). In making such determination, the Independent Adviser appointed pursuant to this Condition 5(k) shall act in consultation with the Issuer and shall act in good faith and in a commercially reasonable manner as an expert. In the absence of bad faith, wilful default or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Guarantor, the Trustee, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(k).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate and in either case, an Adjustment Spread in accordance with this Condition 5(k)(i) prior to the date five Business Days prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Accrual Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period. For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 5(k)(i).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser acting in good faith determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(k)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(k)).

(iii) Benchmark Amendments

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(k) and the Independent Adviser acting in good faith determines (i) that amendments to these Conditions and/or the Trust Deed are

necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (provided that such amendments do not, without the consent of the Calculation Agent impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions and/or rights afforded to it) (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(k)(iv), without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer or the Guarantor pursuant to Condition 5(k)(iv), the Trustee shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders or Couponholders, be obliged to concur with the Issuer in using its reasonable endeavours to effect any Benchmark Amendments (including, inter alia, by the execution of a deed supplemental to or amending the Trust Deed) and for the avoidance of doubt, the Trustee shall not be liable to any party for any consequences thereof, provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or reduce or amend the protective provisions and/or rights afforded to the Trustee in these Conditions or the Trust Deed or any other document to which it is a party (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 5(k)(iii), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(iv) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 5(k) will be notified no later than five Business Days prior to the relevant Interest Determination Date by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 16, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee, the Calculation Agent and the Paying Agents a certificate signed by two Authorised Signatories of the Issuer or the Guarantor:

- (A) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) the applicable Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as determined in accordance with the provisions of this Condition 5(k); and
- (B) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

Each of the Trustee, the Calculation Agent and the Paying Agents shall be entitled to rely on such certificate (without liability or enquiry to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the

determination of the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) and without prejudice to the Trustee's or the Calculation Agent's or the Paying Agents' ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents and the Noteholders.

(v) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Condition 5(k)(i), 5(k)(ii) and 5(k)(iii), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iii)(B) will continue to apply unless and until the Issuer determines that a Benchmark Event has occurred.

Notwithstanding any other provision of this Condition 5(k), if in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(k), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

(vi) *Definitions:*

As used in this Condition 5(k):

“Adjustment Spread” means either (a) a spread (which may be positive, negative or zero) or (b) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);
- (ii) the Independent Adviser determines is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Independent Adviser determines that no such spread is customarily applied)
- (iii) the Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be);
- (iv) if no such spread, formula or methodology can be determined in accordance with (i) to (iii) above, the Independent Adviser, acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances and solely for the purposes of this sub-clause (iv) of reducing or eliminating any economic prejudice or benefit (as the case may be) to the Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or Alternative Rate.

“Alternative Rate” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5(k)(ii) is customarily applied in international

debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes and with an interest period of comparable duration to the relevant Interest Accrual Period or, if the Independent Adviser determines that there is no such rate, such other rate as the Independent Adviser determines in its sole discretion is most comparable to the relevant Original Reference Rate.

“**Benchmark Amendments**” has the meaning given to it in Condition 5(k)(iii).

“**Benchmark Event**” means:

- (i) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (ii) a public statement by the administrator of the Original Reference Rate that it has ceased or that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (iii) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes; or
- (v) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate is no longer representative of its relevant underlying market; or
- (vi) it has, or will prior to the next Interest Payment Date, become unlawful for any Paying Agent, the Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate,

provided that in the case of sub-paragraphs (ii) to (v) above, the Benchmark Event shall occur on the date of the cessation of publication of the Original Reference Rate, the discontinuation of the Original Reference Rate, the prohibition of use of the Original Reference Rate or the date so specified with effect from which the Original Reference Rate will no longer be representative of its relevant underlying market, as the case may be, and not the date of the relevant public statement or official announcement.

“**Independent Adviser**” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise in the international debt capital markets appointed by the Issuer at its own cost under Condition 5(k)(i).

“**Original Reference Rate**” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes.

“**Relevant Nominating Body**” means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate

(as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof.

“**Successor Rate**” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount in the relevant Specified Currency on the Maturity Date.

(b) Early Redemption

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in paragraph (B) above, except that such paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) *Redemption for Taxation Reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note) or at any time (if this Note is not a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 16 (which notice shall be irrevocable), the Trustee and the Issuing and Paying Agent, at their Early Redemption Amount (as described in Condition 6(b) above) (together with interest accrued to (but excluding) the date fixed for redemption), if the Issuer satisfies the Trustee immediately before the giving of such notice that (i) on the occasion of the next payment due under the Notes it has or will become obliged to pay additional amounts as described under Condition 8, or the Guarantor would be unable to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the Relevant Tax Jurisdiction (as defined in Condition 8) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, and (ii) such obligation cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or the Guarantor, as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes (or the Guarantee, as the case may be) then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the Issuer (or the Guarantor, as the case may be) stating that the condition in (i) above applies and the obligation referred to in (i) above cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it and the Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out in (i) and (ii) above, in which event it shall be conclusive and binding on Noteholders and Couponholders.

(d) *Redemption at the Option of the Issuer*

If Call Option is specified hereon, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon), in accordance with Condition 16, and to the Trustee, redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to (but excluding) the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(e) *Redemption at the Option of Noteholders*

If Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s)

at its Optional Redemption Amount together with interest accrued to (but excluding) the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice (“**Exercise Notice**”) in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) Redemption Following Change of Control

If Change of Control Put Event is specified hereon and a Change of Control Put Event occurs, the holder of any such Note will have the option (a “**Change of Control Put Option**”) (unless prior to the giving of the relevant Change of Control Put Event Notice (as defined below) the Issuer has given notice of redemption under Condition 6(c) or 6(d) above) to require the Issuer to redeem or, at the Issuer’s option, purchase (or procure the purchase of) that Note on the Change of Control Put Date (as defined below) at its Change of Control Optional Redemption Amount (as specified in the Final Terms) together with interest accrued to (but excluding) the Change of Control Put Date.

A “**Change of Control Put Event**” will be deemed to occur if:

- (i) any person or any persons acting in concert (as defined in the City Code on Takeovers and Mergers), other than a holding company (as defined in Section 1159 of the Companies Act 2006 as amended) whose shareholders are or are to be substantially similar to the pre-existing shareholders of the Issuer, shall become interested (within the meaning of Part 22 of the Companies Act 2006 as amended) in (A) more than 50 per cent. of the issued or allotted ordinary share capital of the Guarantor or (B) shares in the capital of the Guarantor carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Guarantor (each such event being a “**Change of Control**”); and
- (ii) on the date (the “**Relevant Announcement Date**”) that is the earlier of (1) the date of the first public announcement of the relevant Change of Control and (2) the date of the earliest Relevant Potential Change of Control Announcement (if any), either:
 - (A) the Notes carry an Investment Grade rating from at least two Rating Agencies and any such rating is, within the Change of Control Period, downgraded to Non-Investment Grade and such rating is not within the Change of Control Period restored to an Investment Grade Rating by such Rating Agency or replaced by an Investment Grade Rating of another Rating Agency, or any such Rating Agency withdraws its rating of the Notes and the rating of such Rating Agency is not within the Change of Control Period replaced by an Investment Grade rating of another Rating Agency (a “**Negative Rating Event**”); or
 - (B) the Notes do not have an Investment Grade rating from at least two Rating Agencies and the Issuer and/or the Guarantor is unable to acquire and maintain an Investment Grade rating for the Notes during the Change of Control Period from at least two Rating Agencies;

provided that if at the time of the occurrence of the Change of Control the Notes carry a credit rating from more than two Rating Agencies, the Issuer shall be entitled to determine which two Rating Agencies shall be relevant for the purposes of this provision; and

- (iii) in making any decision to downgrade or withdraw any credit rating pursuant to paragraph (ii) above or to decline to confer on Investment Grade Rating, the relevant Rating Agency announces publicly or confirms in writing to the Issuer, the Guarantor or the Trustee that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control or the Relevant Potential Change of Control Announcement.

Promptly upon the Issuer becoming aware that a Change of Control Put Event has occurred and in any case not later than 10 business days thereafter, the Issuer shall, and at any time upon the Trustee becoming similarly so aware the Trustee may, and if so requested by the holders of at least one-fifth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders, shall (subject in each case to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction) give notice (a “**Change of Control Put Event Notice**”) to the Trustee (in the case of a notice from the Issuer) to the Noteholders in accordance with Condition 16 specifying the nature of the Change of Control Put Event and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option, the holder of a Bearer Note must deliver such Note to the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the period (the “**Change of Control Put Period**”) of 30 days (or such longer period as may be specified hereon) after a Change of Control Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a “**Change of Control Put Notice**”). The Note should be delivered together with all Coupons appertaining thereto maturing after the date which is seven days after the expiration of the Change of Control Put Period (“**Unmatured Coupons**”) (the “**Change of Control Put Date**”), failing which, in the case of Fixed Rate Notes only, the Paying Agent will require payment from or on behalf of the Noteholder of an amount equal to the face value of any missing such Coupon. Any amount so paid will be reimbursed to the Noteholder against presentation and surrender of the relevant missing Coupon (or any replacement therefor issued pursuant to Condition 14) at any time after such payment, but before the expiry of the period of five years from the date on which such Coupon would have become due, but not thereafter. Unmatured Coupons relating to Notes other than Fixed Rate Notes (whether or not attached to them) will become void upon the Change of Control Put Date. The Paying Agent to which such Note and Change of Control Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt in respect of the Note so delivered. Payment in respect of any Note so delivered will be made, if the holder duly specified a bank account in the Change of Control Put Notice to which payment is to be made, on the Change of Control Put Date by transfer to that bank account and, in every other case, on or after the Change of Control Put Date against presentation and surrender or (as the case may be) endorsement of such receipt at the specified office of any Paying Agent. A Change of Control Put Notice, once given, shall be irrevocable. For the purposes of these Conditions, receipts issued pursuant to this Condition 6(f) shall be treated as if they were Notes.

To exercise the Change of Control Put Option, the holder of a Registered Note must deposit the Certificate evidencing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly signed and completed Change of Control Put Notice obtainable from the Registrar or any Transfer Agent within the Change of Control Put Period. No Certificate so deposited and option so exercised may be withdrawn without the prior consent of the Issuer. Payment in respect of any Certificate so deposited will be made, if the holder duly specified a bank account in the Change of Control Put Notice to which payment is to be made, on the Change of Control Put Date by transfer to that bank account and, in every other case, by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such

Note at its address appearing in the Register, and in each case, the Transfer Agent will issue a receipt as evidence of such payment.

The Issuer shall redeem or purchase (or procure the purchase of) the relevant Notes on the Change of Control Put Date unless previously redeemed (or purchased) and cancelled.

If 85 per cent. or more in principal amount of the Notes outstanding immediately prior to the Change of Control Put Date have been redeemed or purchased pursuant to this Condition 6(f), the Issuer may, on giving not less than 30 nor more than 60 days' notice to the Noteholders (or such other notice period as may be specified hereon), in accordance with Condition 16, and to the Trustee (such notice being given within 30 days after the Change of Control Put Date), redeem or purchase (or procure the purchase of), at its option, all but not some only of the remaining outstanding Notes at 100 per cent. of their principal amount, together with interest accrued to (but excluding) the date fixed for such redemption or purchase.

The Trustee is under no obligation to ascertain whether a Change of Control Put Event or Change of Control or any event which could lead to the occurrence of or could constitute a Change of Control Put Event or Change of Control has occurred, or to seek any confirmation from any Rating Agency pursuant to paragraph (iii) above, and, until it shall have actual knowledge or notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no Change of Control Put Event or Change of Control or other such event has occurred.

In this Condition 6(f):

“Change of Control Period” means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control (or such longer period for which the Notes are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review or, as the case may be, rating by a Rating Agency, such period not to exceed 60 days after the public announcement of such consideration);

“Investment Grade” means, with respect to a rating given by a Rating Agency, an investment grade credit rating (Baa3 or BBB-, as the case may be, or equivalent, or better) from such Rating Agency;

“Non-Investment Grade” means, with respect to a rating given by a Rating Agency, that such rating is not Investment Grade;

“Rating Agency” means Moody's, Fitch Ratings Ltd. (**“Fitch”**) or S&P or any of their respective successors or any rating agency (a **“Substitute Rating Agency”**) substituted for any of them by the Issuer or the Guarantor from time to time with the prior written approval of the Trustee but excluding any rating agency providing a rating of the Notes on an unsolicited basis; and

“Relevant Potential Change of Control Announcement” means any public announcement or statement by or on behalf of the Guarantor, any actual or potential bidder or any adviser acting on behalf of any actual or potential bidder relating to any potential Change of Control where within 180 days following the date of such announcement or statement, a Change of Control occurs.

If the rating designations employed by any of Moody's, Fitch or S&P are changed from those which are described in the definition of *“Negative Rating Event”* above, or if a rating is procured from a Substitute Rating Agency, the Issuer or the Guarantor shall determine, with the agreement of the Trustee, the rating designations of Moody's, Fitch or S&P or such Substitute

Such Notes may be held, reissued, resold or, at the option of the Issuer, the Guarantor or the relevant subsidiary, surrendered for cancellation.

(h) Cancellation

All Notes purchased by or on behalf of the Issuer, the Guarantor or any of their respective subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer and the Guarantor in respect of any such Notes shall be discharged.

7 Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii)), as the case may be, at the specified office of any Paying Agent outside the U.S. by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by U.S. law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Laws*

Save as provided in Condition 8, all payments are subject in all cases to any applicable laws, regulations and directives in the place of payment, and neither the Issuer nor the Guarantor will be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations or agreements. (f) *Unmatured Coupons and unexchanged Talons*

(i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes such Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) Talons

Any such modification, authorisation, determination or waiver shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders in accordance with Condition 16 as soon as practicable.

(c) *Substitution*

The Trust Deed contains provisions requiring the Trustee to agree, at the request of the Issuer but without the consent of the Noteholders or the Couponholders, to the substitution of the Guarantor or its successor in business (as defined in the Trust Deed) in place of the Issuer as principal debtor under the Notes or to the substitution of the successor in business of the Guarantor in place of the Guarantor as guarantor under the Trust Deed and the Notes and also contains provisions permitting the Trustee to agree, without the consent of the Noteholders or the Couponholders, to the substitution of any

subsidiary of the Guarantor or its successor in business in place of the Issuer or Guarantor, or of any subsidiary of the Guarantor or its successor in business in place of the Issuer of Guarantor, or of any previous substituted company, as principal debtor or guarantor under the Trust Deed and the Notes subject, in each case, to certain conditions set out in the Trust Deed (including that, unless the Guarantor or its successor in business is the substitute obligor under the Notes and Coupons, the Guarantor shall guarantee the obligations of the substitute obligor). In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. The Issuer will give notice of such a change of law to the Noteholders in accordance with Condition 16, and such a change of law will be binding on the Noteholders.

(d) *Entitlement of the Trustee*

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Guarantor, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

12 Enforcement

The Trustee may, at any time, at its discretion and without notice, institute such proceedings and/or any other steps or action (including lodging an appeal in any proceedings) against or in relation to the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons or otherwise, but it need not take any such proceedings or other steps or action unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-fifth in nominal amount of the Notes outstanding, and (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder or Couponholder may (i) take any steps or action against the Issuer or the Guarantor to enforce the performance of any of the provisions of the Trust Deed, the Notes or the Coupons or (ii) take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer or the Guarantor, in each case unless the Trustee, having become bound so to take any such action, steps or proceedings, fails or is unable to do so within a reasonable period and such failure is continuing.

The Trustee may refrain from taking any action in any jurisdiction if the taking of such action in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction, be contrary to any law of that jurisdiction. Furthermore, the Trustee may also refrain from taking such action if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in the jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

13 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or prefunded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer, the Guarantor and any entity related to the Issuer or the Guarantor without accounting for any profit.

The Trustee may rely without liability to Noteholders or Couponholders on a report, confirmation or certificate or any advice of any financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Trustee may accept and shall be entitled to rely on any such report, confirmation or certificate or advice and such report, confirmation or certificate or advice shall be binding on the Issuer, the Guarantor, the Trustee, the Noteholders and the Couponholders.

14 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent in Luxembourg (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

15 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

16 Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

17 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

18 Exclusion of the applicability of the Austrian Notes Trustee Act

In case of Notes being issued by Mondi Finance Europe as Issuer, the applicability of the provisions of (i) the Austrian act related to the joint representation of rights of holders of bearer notes or notes transferable via endorsement and related to the procedures for handling of mortgages established for such notes, dated 24 April 1874 (Austrian Notes Trustee Act – *Kuratorengesetz*), and (ii) the Austrian act related to supplementary provisions for the representation of holders of covered bonds or of bearer notes or notes transferable via endorsement, dated 5 December 1877 (Austrian Notes Trustee Supplementation Act – *Kuratorenergänzungsgesetz*) is explicitly excluded in relation to the Notes.

19 Governing Law

(a) Governing Law

The Trust Deed, the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

Subject to subclause Condition 18(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Notes, the Coupons and the Talons, including any dispute as to its existence, validity, interpretation, performance, breach or termination or the consequences of its nullity and any dispute relating to any non-contractual obligations arising out of or in connection with it (a “**Dispute**”) and each party submits to the exclusive jurisdiction of the English courts.

For the purpose of this Condition, the Issuers and the Guarantor each waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

To the extent allowed by law, the Trustee and, subject only to Condition 12, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

(c) Service of Process

Where the Issuer is Mondi Finance Europe GmbH, the Issuer irrevocably appoints Mondi plc of Building 1, 1st Floor, Aviator Park, Station Road, Addlestone, Surrey KT15 2PG, United Kingdom as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in England, the Issuer agrees to appoint a substitute process agent in England and to notify Noteholders of such appointment in accordance with Condition 16. Nothing shall affect the right of any Noteholder to service process in any matter permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

1 Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be) (i) the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper and (ii) the relevant clearing systems will be notified whether or not such Global Notes or the Global Certificates are intended to be held in a manner which would allow Eurosystem eligibility. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Such indication means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Global notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

2 Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other permitted clearing system (“**Alternative Clearing System**”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Relevant Issuer or the Guarantor to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance

with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Relevant Issuer or the Guarantor in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Relevant Issuer or the Guarantor will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

3 Exchange

3.1 Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicates that such Global Note is issued in compliance with TEFRA C or in a transaction to which TEFRA is not applicable (as to which, see “*Overview of the Programme-Selling Restrictions*”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

If the Temporary Global Note is exchangeable for Definitive Notes at the option of the holder, the Notes shall be tradeable only in amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) provided in the Final Terms and multiples thereof

3.2 Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 3.4 below, in part for Definitive Notes if (i) the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so; or (ii) an Event of Default (as defined in Condition 10) has occurred and is continuing.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3.3 Permanent Global Certificates

If the Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) with the consent of the Relevant Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph (i) or (ii) above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer.

3.4 **Partial Exchange of Permanent Global Notes**

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if so provided in, and in accordance with, the Conditions.

3.5 **Delivery of Notes**

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Relevant Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is a NGN, the Relevant Issuer will procure that details of such exchange be entered pro rata in the records of the relevant clearing system. In this Prospectus, "**Definitive Notes**" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

3.6 **Exchange Date**

"**Exchange Date**" means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

4 **Amendment to Conditions**

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

4.1 **Payments**

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with TEFRA D before the Exchange

Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. For so long as the Notes are represented by a Global Certificate, notwithstanding the provisions of Condition 7(b)(ii), each payment will be made to, or to the order of, the person whose name is entered in the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “**Clearing System Business Day**” means Monday to Friday inclusive except 1 January and 25 December. If the Global Note is a NGN or if the Global Certificate is held under the NSS, the Relevant Issuer shall procure that details of each such payment shall be entered pro rata in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under a NGN will be made to its holder. Each payment so made will discharge the Relevant Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purposes of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “**business day**” set out in Condition 7(h).

So long as the Notes are represented by a Global Note or Global Certificate and the Global Note or Global Certificate is held on behalf of a clearing system, the Relevant Issuer has undertaken, inter alia, to pay interest in respect of such Notes from the Interest Commencement Date in arrear at the rates, on the dates for payment, and in accordance with the method of calculation provided for in the Conditions, save that the calculation is made in respect of the total aggregate amount of the Notes represented by the Global Note or Global Certificate.

4.2 **Prescription**

Claims against the Relevant Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 9).

4.3 **Meetings**

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall, at any meeting of Noteholders be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder’s holding, whether or not represented by a Global Certificate.)

4.4 **Cancellation**

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

4.5 **Purchase**

Notes represented by a permanent Global Note may only be purchased by the Relevant Issuer, the Guarantor or any of their respective subsidiaries if they are purchased together with the rights to receive all future payments of interest.

4.6 Issuer's Option

Any option of the Relevant Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by such Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

4.7 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the accountholders giving notice to the Issuing and Paying Agent, within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions, of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and at the same time presenting or procuring the presentation of the relevant Global Note to the Agent for notation accordingly, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is a NGN or where the Global Certificate is held under the NSS, the Relevant Issuer shall procure that details of such exercise shall be entered pro rata in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

4.8 NGN Nominal Amount

Where the Global Note is a NGN, the Relevant Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

4.9 Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

4.10 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

5 Record Date in respect of Registered Notes

Each payment in respect of Registered Notes whilst in global form will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

USE OF PROCEEDS

The net proceeds from the issue of each Tranche of Notes will be applied by the Relevant Issuer for general corporate purposes, which include making a profit. If in respect of any particular issue of Notes, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

General Overview

Mondi plc was incorporated as HACKPLIMCO No.119 PLC under the Companies Act 1985 on 11 April 2007 in England and Wales as a public limited company with registered number 6209386 and its name was changed to Mondi plc on 17 April 2007. Mondi plc's registered office is at Building 1, 1st Floor, Aviator Park, Station Road, Addlestone, Surrey, KT15 2PG and its telephone number is +44 1932 826 300.

In this Prospectus, Mondi plc and its subsidiaries, taken as a whole, are referred to as "Mondi" or the "Group".

Mondi is an international packaging and paper group with around 100 production sites across more than 30 countries and revenue of €6,663 million for the year ended 31 December 2020. The Group's key operations are located in central Europe, Russia, North America and South Africa and it employs around 26,000 people.

Mondi is integrated across the packaging and paper value chain - from managing forests and producing pulp, paper and plastic films to developing and manufacturing effective and innovative industrial and consumer packaging solutions.

Group history

In 1967, Anglo American plc founded the Mondi business to build what became the Merebank mill near Durban in South Africa. In the early 1990s, the Mondi business entered Europe with the acquisition of two Austrian-based paper groups and subsequently expanded its operations through both acquisitions and organic growth to become one of the leading packaging and paper groups in central Europe, Russia, North America and South Africa.

On 3 July 2007, Mondi was demerged from Anglo American plc as an integrated corporate group established under a dual listed company structure with dual holding companies, Mondi plc, with a premium listing on the London Stock Exchange (the "LSE") and a secondary listing on the Johannesburg Stock Exchange (the "JSE"), and Mondi Limited, with a primary listing on the JSE.

On 26 July 2019, Mondi completed the simplification of its dual listed company structure into a single holding company structure under Mondi plc. Mondi Limited became a subsidiary of Mondi plc and the dual listed company arrangements between Mondi plc and Mondi Limited were terminated.

Business structure

Strengths

The Group performed on average better than its peers during the five-year period from 2016 to 2020 on the basis of return on capital employed. Management believes that this is a result of the Group's consistent and focused strategy, its disciplined approach to investments and the strengths of its business model. The Group's key strengths which resulted in this performance are outlined below.

Growing sustainably

The Group's Growing Responsibly model to 2020 was the framework through which the Group responded to sustainability challenges and opportunities and addressed societal issues over the past five years. It formed part of the Group's business strategy and has enabled the Group to clearly demonstrate, monitor, improve and communicate its sustainability performance across the value chain. The Group has a solid foundation of setting targets and reporting on their performance since 2004.

In 2021 the Group launched the Mondi Action Plan 2030 ("**MAP2030**") as a new sustainability framework. It builds on the strong progress the Group has made through the Growing Responsibly model and sets out the actions the Group needs to take over the next decade to achieve its ambitious sustainability goals. MAP2030 is aligned to the UN Sustainable Development goals and it connects the Group's 26,000 colleagues with a shared sense of purpose to contribute to a better world by making innovative and sustainable packaging and paper solutions. The Group believes that by focusing efforts on circular-driven solutions, created by empowered people, taking action on climate, it can have the most impact. Each of these action areas have three high-level commitments, which are underpinned by more detailed targets, with the overall plan grounded on a foundation of responsible business practices spanning business ethics and governance, human rights, communities, procurement and environmental impact.

The Group is particularly proud to have met its original climate change commitment to 2020 ahead of schedule. The Group has reduced its total greenhouse gas ("**GHG**") emissions (per tonne of saleable production) to 0.64, a 24 per cent. reduction against the 2014 baseline and 45 per cent. since 2004, building on a long-standing focus of becoming less carbon intensive. The contribution of biomass-based renewable energy to the total fuel consumption of the Group's mills has increased from 59 per cent. in 2014 to 67 per cent. in 2020. A number of major capital investments made the Group more energy efficient and less reliant on fossil fuels. Since 2015, the Group has invested around €500 million in energy-related projects.

Mondi is proud to have been recognised in 2020 by CDP (formerly the Carbon Disclosure Project) as one of only 10 companies worldwide with a 'Triple A' score on its environmental performance related to climate, forests and water security. In the next decade, the Group plans to build on its climate resilience, by reducing

GHG emissions in line with science-based targets, maintaining zero deforestation in its wood supply, continuing to source wood sustainably from healthy and resilient forests and safeguarding biodiversity and water resources. The Group's science-based GHG reduction targets approved by the Science Based Targets initiative in 2019 cover more than 95 per cent. of the Group's total Scope 1 and 2 emissions, including energy sales. The Group has committed to reduce Scope 1 and 2 emissions 34 per cent. by 2025, and 72 per cent. by 2050 (per tonne of saleable production) against a 2014 baseline. The Group is now exploring a science-based GHG reduction target for Scope 3 emissions, which takes into account the GHG emissions in its value chain.

The Group also recognises the importance of working with others across the value chain and engaging with suppliers and customers in initiatives such as the 4evergreen alliance from Cepi (the European association representing the paper industry), to increase the circularity and sustainability of fibre-based packaging solutions aiming to achieve a 90 per cent. recycling rate by 2030.

Drive performance along the value chain

In order to maintain the Group's position as a cost-advantaged producer in the sectors in which it operates, management continually reviews the financial and operational performance of its operations with a focus on commercial excellence and lean processes, to rigorous quality management and operational excellence programmes that enhance productivity and efficiency.

Operational excellence and rigorous cost control programmes

The Group has established business excellence programmes aimed at reducing costs, minimising waste and improving the profitability of the Group. These programmes target commercial excellence and procurement savings, as well as continuous improvement of productivity, efficiency and reliability of operations through cost reduction programmes and profit improvement initiatives. The programmes also encompass sustainability, digitalisation, human resources development and innovation. The Group focuses on benchmarking to learn from its best performing operations and to identify emerging issues to ensure performance is optimised throughout the organisation. The Group is also focused on finding innovative ways of working and using digital technology to further enhance performance.

Pro-active restructuring

The Group is committed to closing or divesting sites which it considers to be underperforming or that do not meet, or are not deemed capable of meeting, the Group's performance criteria.

To continue to further optimise its production footprint, the Group undertook a number of restructuring initiatives during 2020. The Group closed two consumer flexibles plants in the UK and announced the closure of another plant in South Korea. In addition, in the Engineered Materials Business, the Group is implementing further measures to reduce the cost base and stabilise the business, including the closure of a functional paper and films plant in Pleasant Prairie (Wisconsin, U.S.) and the restructuring of the personal care components focused operations in Gronau (Germany).

Experienced management team

Mondi's senior management team has extensive packaging and paper industry experience and a proven record of managing international businesses, acquiring and integrating new businesses and implementing cost reduction programmes and profit improvement initiatives. Andrew King was appointed Group CEO in April 2020, followed by Mike Powell being appointed Group CFO in November 2020.

Strong asset base

Invest in assets with cost advantage

Mondi's ability to deliver returns above the average of its competitors is mainly driven by its cost-advantaged asset base, including the Syktyvkar mill in Russia, the Richards Bay mill in South Africa, the Štětí mill in the

Czech Republic, the Świecie mill in Poland and the Ružomberok mill in Slovakia. Cost advantages in these regions typically result from lower wood, energy and personnel costs. The Group estimates that around 80 per cent. of its pulp and paper capacity is located in the two lowest industry cost quartiles¹.

Management continues to emphasise maintaining and developing the Group's asset base in lower operating cost environments by focusing capital spend on sites with sustainable cost advantages, which is particularly relevant for the Group's upstream pulp and paper operations. Over the five-year period from 2016 to 2020, the Group spent approximately €3.2 billion in capital expenditure in its asset base, of which the majority was spent on operations with cost advantages.

Mondi's disciplined approach to investigating, approving and executing capital projects is one of the Group's key strengths and plays an important role in successfully delivering strong returns through the cycle.

Mondi's capital investments focus on driving organic growth, strengthening the Group's cost competitiveness, enhancing its product offering, quality and service to customers and improving the Group's environmental footprint. This ongoing investment in the Group's cost-advantaged asset base enables the Group to continue to capture opportunities in the growing packaging markets, supported by strong structural growth trends, including e-commerce and the trend to transition to more sustainable packaging solutions.

Since 2014, the Group has successfully commissioned and ramped up a number of projects totalling €1.4 billion across its global network. These projects have generated average returns above 20 per cent. and added around 600,000 tonnes per annum of cost-advantaged capacity. They have strengthened the Group's customer offering, improved operational efficiency, reduced costs, improved the Group's environmental footprint and unlocked options for future growth.

During 2020, the Group benefited from the full ramp-up of the Štětí mill modernisation completed in late 2018, the rebuild of the pulp mill at Ružomberok completed in 2019, and other smaller investments in the Group's mills and packaging converting plants. The Group estimates the underlying EBITDA contribution of these projects in 2020 was around €50 million. The Group expects to generate a further €50 million incremental contribution from projects in 2021.

Mondi's focused capital expenditure project pipeline secures organic growth in the Group's upstream cost-advantaged asset base:

- The investment in a new 300,000 tonne per annum kraft top white machine at Ružomberok started up at the end of January 2021 and is making good progress ramping up (capital expenditure of €370 million including the pulp mill upgrade commissioned in the second half of 2019).
- Early in January 2021, Mondi commissioned the €67 million project to convert a containerboard machine at Štětí to be fully dedicated to the production of speciality kraft paper with a mix of recycled and virgin fibre content for shopping bag applications. This project will further support Mondi's retail customers' efforts to replace unnecessary plastic as they transition to more sustainable packaging solutions that contribute to the circular economy. Once ramped up, the project will result in an additional 75,000 tonnes per annum of speciality kraft paper capacity while Mondi's containerboard capacity will be reduced by 30,000 tonnes per annum.
- The investment programme at Syktyvkar to debottleneck production and maintain competitiveness, including various enhancements of the mill infrastructure, a new evaporation plant and a pulp dryer upgrade is progressing well.
- The modernisation of Mondi's Richards Bay mill, including upgrading the energy and chemical plants to improve reliability, avoid unplanned shutdowns and improve Mondi's environmental performance,

is ongoing with a prolonged mill shut planned for later this year as part of the project implementation process.

The Group's current major upstream projects are expected to increase Mondi's saleable pulp and paper production by around 7 per cent. when in full operation.

Mondi continues to invest in their downstream converting businesses, including the Group's Corrugated Packaging, Flexible Packaging and Engineered Materials plants to grow with its customers, enhance its product and service offering, improve efficiency and reduce conversion costs.

For example, the Group is upgrading and expanding a key e-commerce plant in Bupak (Czech Republic) and investing in e-commerce paper-based mailerbags production at various sites in Europe. The Group has started up a new greenfield paper bag plant in Cartagena (Colombia) to serve customers in the region and has recently approved plans to expand its North African footprint, with a new paper bag plant in Tangier (Morocco). To meet customers' demand for sustainable biodegradable wipes, Mondi invested in a new line at its plant in Ascania (Germany), which started up in the first quarter of 2021.

Given the approved project pipeline, Mondi's capital expenditure is expected to be around €600-700 million in 2021 (around 150-175 per cent. of depreciation). Mondi continues to evaluate further capital investment projects for growth, leveraging the Group's high-quality, cost-advantaged asset base.

High level of vertical integration and self-sufficiency

Mondi's businesses are vertically integrated. The Group owns both "upstream assets", including forests from which to source wood, mills required to turn wood into pulp and paper mills to convert pulp into uncoated fine paper, containerboard and kraft paper. Mondi also owns "downstream converting assets", which convert paper, resins, films and other substrates into corrugated solutions, paper bags, consumer flexibles, personal care components and functional papers and films.

Mondi believes a high level of vertical integration provides a significant degree of self-sufficiency, which is particularly relevant in the case of its pulp and paper mills and allows the Group to benefit from improved security of supply and reduces its exposure to price volatility of the key raw materials, particularly wood and pulp. The Group intends to continue to pursue a high level of vertical integration.

Mondi's total wood consumption used for pulp production in the year ended 31 December 2020 was approximately 18 million m³. The Group has access to leased and owned forests in Russia and South Africa, which provide an annual allowable cut of around 9 million m³. The amount of wood actually procured from Mondi's own forests during any period can vary depending on commercial, logistic and sustainability considerations. In the year ended 31 December 2020, the consumption of wood from Mondi's forests amounted to approximately 22 per cent of the Group's total wood consumption.

Mondi's total pulp consumption in the year ended 31 December 2020 was approximately 4.0 million tonnes. The Group's supply of pulp is sourced from a combination of the Group's own pulp mills and purchases from third party suppliers. In the year ended 31 December 2020, Mondi's own pulp production comprised 10 integrated pulp mills which collectively produced approximately 4.5 million tonnes of pulp, giving the Group a net long position in pulp.

The Group is also forward integrated into packaging papers. In the year ended 31 December 2020, the Group's total containerboard production was approximately 2.5 million tonnes. Internal containerboard consumption was approximately 0.9 million tonnes giving the Group a net long market exposure of 1.6 million tonnes of containerboard in the year ended 31 December 2020. In addition, the Group's total kraft paper production in the year ended 31 December 2020 was approximately 1.1 million tonnes. Internal kraft paper consumption was approximately 0.8 million tonnes giving the Group a net long market exposure of 0.3 million tonnes of kraft paper in the year ended 31 December 2020.

Additionally, the Group operates manufacturing facilities across the entire plastic-based packaging production process, including resin compounding, blown and cast film extrusion, flexographic and rotogravure printing, laminating, coating (paper and film), slitting, bag making, embossing, laser cutting and incorporating special features. Mondi believes that this integration enables the Group to focus on the production of technologically advanced products with an emphasis on innovation and customisation.

Inspire its people

Mondi's employees and contractors work in potentially hazardous environments. The Group embeds clearly defined methodologies, procedures and robust controls to ensure Mondi's employees, contractors and other people who have reason to be on Mondi sites, stay safe. The Group looks to develop a 24-hour safety mindset, aiming to influence people's awareness, conscious and unconscious behaviour by applying safety to all aspects of life. The objective is that this should lead to a safe behaviour generally 24 hours a day, including at work.

The Group engages with its people to nurture their commitment to a business which they feel has purpose, acts responsibly, and offers a range of development opportunities to help them grow. Mondi is also focused on promoting a diverse and inclusive workforce where development and opportunities for employment, engagement, promotion, training and any other benefits are based on skills and ability. The Group's aim is to provide leadership opportunities that encourage gender, age and cultural diversity.

In 2020, the Group's response to COVID-19 focused on keeping its people empowered, informed, engaged and working safely and effectively while supporting their physical and emotional well-being.

The Group believes that enhancing the skills of its employees is a key part of developing an agile and motivated workforce that is capable of delivering on the Group's strategy and driving its success in a sustainable way. Personal development and training supports employees to be accountable to Mondi's standards, principles and policies.

Partner with customers for innovation

Mondi is focused on delivering innovative, sustainable packaging solutions to its customers. The Group is uniquely positioned, as a leading producer of both paper and flexible plastic-based packaging, Mondi continues to support its customers' environmental goals with packaging that is sustainable by design adhering to the Group's principle of paper where possible, plastic when useful.

Paper-based packaging is renewable and recyclable which means it is an optimal solution for many of today's applications. When certain functionality barriers are required, plastic-based flexible packaging can deliver many benefits when manufactured, used and disposed appropriately, from reducing food waste through shelf-life extension to resource efficiency (by reducing raw material usage, being lightweight and less transport intensive).

Mondi has focused on designing plastic-based flexible packaging for recycling to improve its circularity and the Group has also looked for ways to increase, where possible, the proportion of recycled plastic content in its solutions.

During the year ended 31 December 2020, the Group spent €23 million on research and development across its businesses to develop innovative products for its customers. Mondi also continues to evolve its customer interaction and partnership using digital solutions.

Strategy

Mondi's clear and consistent strategy is to deliver value accretive growth sustainably through its four strategic value drivers set out below. Mondi's strategic approach allows it to build on the competitive advantages it

enjoys today, and sets a clear roadmap for investment and operational decisions so that the Group can continue creating value in a sustainable way into the future. All strategic value drivers are important, while priority levels differ across the value chain. The Group also incorporates digital initiatives across its four drivers to accelerate its value creation.

This disciplined strategic approach, while retaining flexibility around how it is executed, has positioned Mondi as a leading global packaging and paper group with a good platform for growth. Mondi continues to expand its business, with an emphasis on assets and markets that offer inherent advantages, and products that are core to its portfolio or bring related development opportunities.

The Group's strategy remained consistent and relevant throughout 2020 as the Group faced the challenges brought by COVID-19. The pandemic accelerated the trends already witnessed prior to 2020 and which the Group has positioned the business to address, including sustainability, increasing e-commerce demand, and the decline in uncoated fine paper consumption. The Group believes that its business model is resilient, its strategy remains relevant, and the Group is well positioned to benefit when the recovery comes.

Growing the Group's packaging businesses is Mondi's priority. The Group is actively working with customers and other stakeholders to develop innovative and sustainable packaging solutions that are fit for purpose with its customer-centric, EcoSolutions, approach. To further support ongoing growth in packaging, Mondi plans to continue to pursue value-enhancing capital investments and acquisitions that build on its competitive advantages and enable the Group to better serve customers.

On 5 January 2021 the Group announced that it had agreed to acquire 90.38 per cent. of the outstanding shares in Olmuksan International Paper Ambalaj Sanayi ve Ticaret A.Ş ("Olmuksan") from International Paper for a total consideration of €66 million, which implies an enterprise value on a 100 per cent. basis of €88 million. As a leading and well-established corrugated packaging player in Turkey, Olmuksan's network of five plants provides an exciting opportunity to significantly strengthen Mondi's position in the fast-growing Turkish corrugated market and expand its offering to existing and new customers in the region. The transaction is expected to complete in the first half of 2021.

The Engineered Materials Business brings together leading market positions and expertise in coating technologies which provides an opportunity to support our growth in sustainable packaging.

The UFP Business has a clear cost competitive advantage and exposure to growing markets in central and eastern Europe, Russia and South Africa. The Group plans to continue to invest to maintain and improve the competitiveness of the UFP Business operations, while leveraging this asset base to increase its exposure to faster growing packaging products where the opportunity arises.

Mondi's four strategic value drivers are as follows:

- drive performance along the value chain;
- invest in assets with cost advantage;
- inspire its people; and
- partner with customers for innovation.

Strategic financial priorities

Mondi maintains an appropriate capital structure with a balance between equity and net debt. Mondi is focused on maintaining investment grade credit metrics, undertaking selective organic capital investment opportunities and supporting the ordinary dividend. To the extent Mondi has capacity beyond these requirements, it is able to consider acquisitions and/or additional shareholder distributions. Management believes that a strong and stable financial position, supported by an investment grade credit rating, increases

flexibility and provides opportunities to access capital markets throughout the business cycle, allowing the Group to take advantage of strategic opportunities when they arise.

Corrugated Packaging Business

The Corrugated Packaging Business produces and sells a wide range of containerboard and converted corrugated solutions.

Products

Containerboard

Containerboard refers to kraftliner (including unbleached kraftliner, kraft top liner, white-top kraftliner and kraft top white) and semi-chemical fluting mostly made from wood pulp (also known as virgin fibre-based containerboard), as well as testliner and recycled fluting made from recovered paper (also known as recycled fibre-based containerboard). These products are mainly used to make a range of regular and bespoke corrugated solutions.

Corrugated solutions

Corrugated solutions comprise corrugated boxes, trays and displays for consumer, retail and other applications. This includes food, beverages, homecare, personal care, e-commerce, retail, automotive, electronics and other specialised end-uses. In the year ended 31 December 2020, the Group produced approximately 1.8 billion m² of corrugated solutions.

The Corrugated Packaging Business also produces pulp, which is mainly used in its paper-making operations.

Market positions

Based on the most recent available industry reports and internal estimates, Mondi believes that it is the:

- largest producer of virgin containerboard in Europe based on production capacity²;
- largest producer of containerboard in emerging markets with lower production costs, such as eastern Europe (including Turkey) (“**Emerging Europe**”) based on production capacity³; and
- third largest producer in Emerging Europe of corrugated solutions based on production⁴.

Operations

Containerboard and corrugated solutions

The Corrugated Packaging Business produces containerboard at a number of integrated and non-integrated mills shown at the front of this section. Production and forestry operations

Production operations

The UFP Business operates a number of integrated and non-integrated mills as outlined at the front of this section.

Forestry operations

The UFP Business manages approximately 2.3 million hectares of natural boreal forest in the Komi Republic, Russia and 254,000 hectares of plantation forests in South Africa. The Group's managed forests provide a current annual allowable cut of approximately 9 million m³. The Group sets annual wood harvesting targets based on good forestry management using both commercial and sustainability considerations. The forestry leases in Russia and South Africa have remaining terms varying from 3 to around 50 years.

The forests in the Komi Republic, Russia, consist of softwood species, including spruce and pine, and hardwood species, such as birch and aspen. Of the total managed 2.3 million hectares, 1.7 million hectares are

available for logging operations and infrastructure development while the remainder is set aside for conservation purposes either due to legal requirements or voluntary forest certification commitments.

In South Africa, Mondi has forestry operations in the KwaZulu-Natal and Mpumalanga provinces. Of the 254,000 hectares managed by the Group, 188,000 hectares of land are owned and 66,000 hectares are leased mainly from third parties. The wood harvested from these plantation forests are primarily eucalyptus, a hardwood species as well as pine, a softwood species. Of the total 254,000 hectares of owned and leased land in South Africa, 173,000 hectares are planted while the remainder is an open area predominantly managed for conservation purposes with smaller portion set aside for infrastructure.

In South Africa, the Land Claims Act provides remedies for persons who were dispossessed of rights in land as a result of past racially discriminatory laws or practices. The Land Claims Court is empowered to make orders requiring the restoration of land (or any portion thereof), the payment of compensation (including to the landowner), compelling the state to include a claimant as a beneficiary in the state support programme for housing or granting the claimant an appropriate right in alternatively designated state land or any alternative or appropriate relief. The Group is aware that a number of land claims have been lodged in relation to its owned and leased South African properties. As at 31 December 2020, 21 claims regarding the Group's holdings have been settled, with 37,000 hectares transferred to community beneficiaries. Under the settlements, structured as sale and leaseback arrangements in most cases, the Group retained ownership of the forests while ownership of the land was transferred to the claimant communities. It is anticipated that the claims settled to date can continue to provide a framework for settling future land claims. With the settlement of these 21 land claims, approximately a further 76,000 hectares of the Group's owned forestry land in South Africa remains subject to 45 unresolved land claims, of which 28 claims covering 39,000 hectares have been published in the South African Government Gazette. The Group is permitted to continue maintaining and harvesting the forests throughout the settlement process for the land claims.

Management believes, based on precedent in the agricultural sector in South Africa that up to half of the land the Group leases may also be subject to land claims. Under current South African law, these leases will remain unaffected by the land claims, and the Group will continue as lessee of the properties regardless of whether or not the land claims are successful. The Group can give no assurance that these land claims, or any other land claims of which it is not aware, will not have an adverse effect on the Group's rights to the properties that are subject to the land claims. Furthermore, following certain amendments to the Land Claims Act, the land claims process was reopened with claimants having until June 2019 to lodge their claims. A court challenge led to a decision by the South African Constitutional Court that the amendments were not in line with the South African Constitution, and ordering the preparation of new legislation requiring that all existing land claims lodged before 31 December 1998 be finalised before any claims lodged under the amendments to the Land Claims Act are processed. From the date of the judgment, no new claims may be lodged, pending the enactment of a new amendment to the Land Claims Act correcting the constitutional shortcomings. The Group is not aware of the exact number of, or the full extent of, claims which may implicate the Group's land. Adverse land claim rulings or limitations on the amount of land ownership could have a material adverse effect on the Group's business, financial condition and/or results of operations.

In February 2018, a motion was passed in the National Assembly in South Africa for Section 25 of the South African Constitution to be reviewed and potentially amended to make it possible for the state to expropriate land in the public interest without compensation. A process to have the South African Constitution amended accordingly has started. In October 2020, the South African government published an updated draft of the 2020 Bill ahead of its official introduction to parliament. The 2020 Bill is set to replace the current Expropriation Act of 1975 and details how and under which circumstances expropriation (with and without compensation) can take place in South Africa. There could be other changes in legislation governing land ownership in South Africa. Any adverse changes in legislation or regulations governing land ownership in South Africa, whether through constitutional amendments, adoption of new legislation or otherwise, could have a material adverse effect on the Group's business, financial condition and/or results of operations.

Intellectual property rights

Mondi owns a significant number of registered trademarks, has made several additional trademark applications and owns several patents relevant to its businesses in the various jurisdictions in which the Group conducts its business. Its patents and patent applications principally cover inventions relating to personal care product components, as well as paper and packaging products. The Group intends to maintain its patent and trademark portfolios and to file further applications for any patents or trademarks which it deems to be important to its business operations. Consistent with the industry in which it operates, the Group's operations are not dependent to a significant extent on any licences of any intellectual property rights from third parties.

Recent Developments

Underlying EBITDA for the first quarter of 2021 was €353 million, down 8 per cent. compared to the prior year period (Q1 2020: €385 million) while up 14 per cent. on a sequential basis (Q4 2020: €309 million). The Group benefited from strong demand across its packaging businesses and higher average containerboard selling prices following recently implemented price increases. The Group maintained strong cost control against a backdrop of input cost inflation and negative currency effects.

The Group's major capital investment projects progressed well during the first quarter of 2021, with the new 300,000 tonne per annum kraft top white machine at Ruzomberok (Slovakia) and the converted speciality kraft paper machine at Steti (Czech Republic), both commissioned in January 2021, ramping up successfully.

During the first quarter of 2021, demand in the Corrugated Packaging Business remained strong, driven by growth in e-commerce, fast moving consumer goods and recovery in a range of industrial applications. On the back of tight global markets, a series of price increases across containerboard grades were implemented during the quarter and into the second quarter. Corrugated Solutions performed strongly, growing volumes significantly while making good progress in passing on higher input paper costs.

During the first quarter of 2021, the Group continued to see good volumes in the Flexible Packaging Business with resilient construction end-uses and strong demand for at-home consumption, sustainable packaging and e-commerce solutions. On the back of strong order books and tight market conditions, price increases across the Group's range of sack kraft papers and paper bags were implemented where not fixed by annual or semi-annual contracts.

The performance of the Engineered Materials Business was stable during the first quarter of 2021. Capital investment projects and restructuring initiatives progressed according to plan and during the quarter the Group saw improved demand for functional papers and films.

The Uncoated Fine Paper Business's sales volumes were lower in the first quarter of 2021 on a strong comparable prior year period but improved sequentially. Average uncoated fine paper prices were lower during the quarter compared to the prior year period. However, towards the end of the quarter price increases were implemented across key markets.

Input costs were up in the first quarter of 2021. The Group saw significantly higher paper for recycling and resins costs, as well as higher energy and transport costs.

Currency movements had a net negative impact on underlying EBITDA against the comparable prior year period due to the weaker U.S. dollar impacting a number of the Group's globally traded products, coupled with the weaker Russian rouble and Turkish lira.

TAXATION

General

The comments below are of a general nature and are not intended to be exhaustive. They assume that there will be no substitutions of the Issuers or the Guarantor and do not address the consequences of any such substitutions (notwithstanding that such substitutions may be permitted by the terms and conditions of the Notes). Any Noteholders or Couponholders who are in doubt as to their own tax position should consult their professional advisers. In particular, each Noteholder and Couponholder should be aware that the tax legislation of any jurisdiction where they are resident or otherwise subject to taxation (as well as the United Kingdom and/or Austria) may have an impact on the tax consequences of an investment in the Notes or the Coupons including in respect of any income received from the Notes or the Coupons.

1 United Kingdom

The comments in this part apply only to persons who are the beneficial owners of the Notes or the Coupons and are based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs practice (which may or may not be binding on HM Revenue & Customs) before the date of this Prospectus, relating only to the United Kingdom withholding tax treatment of payments of interest in respect of the Notes and payments under the Guarantee. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Relevant Issuer) to whom special rules apply. They do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes or the Coupons. The United Kingdom tax treatment of Noteholders and Couponholders depends on their individual circumstances and may be subject to change in the future. Noteholders and Couponholders who may be subject to tax in a jurisdiction other than the United Kingdom or who are in doubt as to their own tax position should consult their professional advisers.

References in this part to “interest” shall mean amounts that are treated as interest for the purposes of United Kingdom taxation.

Interest on the Notes

The Notes issued will constitute “**quoted Eurobonds**” provided they carry a right to interest and are and continue to be listed on a recognised stock exchange, within the meaning of Section 1005 Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List by the United Kingdom Listing Authority and are admitted to trading on the London Stock Exchange.

Payments by an Issuer of interest on Notes that has a United Kingdom source may be made without withholding or deduction for or on account of United Kingdom income tax if the Notes in respect of which such payments of interest are made are and continue to be quoted Eurobonds.

In other cases, an amount must generally be withheld from payments of interest on the Notes and Coupons that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to the availability of other reliefs or exemptions under United Kingdom domestic law or to any direction to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.

Payments by an Issuer of interest on Notes that does not have a United Kingdom source may be made without withholding or deduction for or on account of United Kingdom income tax.

Payments in respect of the Guarantee

The United Kingdom withholding tax treatment of payments made by the Guarantor under the terms of the Guarantee is uncertain. Accordingly, if the Guarantor makes any payments in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of amounts subscribed for the Notes), such payments may be subject to United Kingdom withholding tax at the basic rate (currently 20 per cent.), subject to the availability of any reliefs or to any direction to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provision of any applicable double taxation treaty. In particular, the “**quoted Eurobond**” exemption described above may not be available in relation to such payments.

2 Austria

The section applies only in case of Mondi Finance Europe acting as Issuer of Notes. This is a summary of certain principles of Austrian tax law which may be of significance in connection with the purchase, holding or sale of the Notes in Austria. This summary does not purport to exhaustively describe all possible Austrian tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. It is recommended that potential investors in the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes. The Austrian tax treatment of Noteholders and Couponholders depends in any case on their individual circumstances and may be subject to change in the future (also with retroactive effect).

For the purposes of the following it is assumed that the Notes are legally and factually offered to the public within the meaning of the Austrian Income Tax Act (*Einkommensteuergesetz*) (i.e. to an indefinite number of persons).

General Remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax in Austria only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax in Austria only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability, Austria's right to tax may be restricted by applicable double taxation treaties.

Austrian tax considerations

Pursuant to the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) in particular comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*), including dividends and interest; the tax base is the amount of the earnings received;

- income from realized increases in value (*Einkünfte aus realisierten Wertsteigerungen*), including gains from the sale, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax base amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest.

Also the withdrawal of the Notes from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Notes vis-à-vis other countries, e.g. a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale. The tax base in this case amounts to the fair market value minus the acquisition costs.

Non-resident Noteholders

For non-resident corporate Noteholders interest income and capital gains derived from the Notes is not taxable in Austria. Thus, non-resident corporate Noteholders – in case they receive income or capital gains from the Notes through an Austrian paying agent (*auszahlende Stelle*) or an Austrian securities depository (*depotführende Stelle*) – may avoid the application of Austrian withholding tax (*Kapitalertragsteuer*) if they evidence their non-resident-status vis-à-vis the Austrian paying agent by disclosing, inter alia, their identity and address pursuant to the provisions of the Austrian income tax guidelines. The provision of evidence that the Noteholder is not subject to Austrian withholding tax is the responsibility of the Noteholder.

For non-resident individual Noteholders, interest income is not subject to Austrian withholding tax (*Kapitalertragsteuer*) if it does not constitute investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning that such income it is not received through an Austrian paying agent (*auszahlende Stelle*) or an Austrian securities depository (*depotführende Stelle*). As at the date of this Prospectus Mondy does not intend to appoint a paying agent in Austria. In turn, if such interest income is paid out through an Austrian paying agent (*auszahlende Stelle*) or securities depository (*depotführende Stelle*), interest income derived from the Notes is subject to a 27.5% Austrian withholding tax (*Kapitalertragsteuer*). Taxable interest income from the Notes includes accrued interest realized upon a sale or repayment of the Notes. There is an exemption from such withholding tax for interest income which is received by individuals resident in a jurisdiction with which an automatic exchange of financial account information in tax matters is in place provided that the respective Noteholder provides a certificate of residency to the paying agent.

If Austrian withholding tax is deducted by Austrian paying agent (*auszahlende Stelle*) or an Austrian securities depository (*depotführende Stelle*) from any non-taxable payment, the tax withheld shall be refunded to the non-resident Noteholder upon his application which has to be filed with the competent Austrian tax authority within five calendar years following the date of the imposition of the withholding tax. Applications for refund may only be filed after the end of the calendar year when the withholding was made and require the submission of a certificate of residency issued by the competent authority of the Noteholder's state of residence. In addition an electronic pre-notification must be made by the non-resident Noteholder with the competent Austrian tax office before the application for refund can be submitted.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on investment income from the Notes if they have a permanent establishment (*Betriebsstätte*) in Austria and the Notes as well as the income from the Notes are attributable to such permanent establishment. In this case, in general, they will be subject to the same tax treatment as resident investors (see below).

Resident corporate Noteholders

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes at a rate of 25%. In the case of income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes with an Austrian nexus (see above), the income is subject to withholding tax at a flat rate of 27.5%. However, pursuant to sec. 93(1a) of the

Austrian Income Tax Act, a 25% rate may be applied by the withholding agent, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act (exemption declaration; *Befreiungserklärung*) withholding tax is not levied in the first place. Losses from the sale of the Notes can be offset against other business income.

Resident individual Noteholders

Individuals subject to unlimited income tax liability in Austria holding the Notes as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5%; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income from the Notes without an Austrian nexus, the income must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the applicable lower progressive income tax rate (option for regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Sec. 27(8) of the Austrian Income Tax Act, inter alia, provides for the following restrictions on the offsetting of losses: negative income from realized increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims vis-à-vis credit institutions (except for cash settlements and lending fees) nor against income from private foundations, employee participation foundations, foreign private law foundations and other comparable legal estates; income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate; negative investment income not already offset against positive investment income may not be offset against other types of income; (the foregoing also applies if the option for regular taxation is exercised). An Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Notes as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Notes with an Austrian nexus (see above), the income is subject to withholding tax at a flat rate of 27.5%. While withholding tax has the effect of final taxation for income from the letting of capital, income from realized increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5%). In case of investment income from the Notes without an Austrian nexus, the income must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5%. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option for regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the sale, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5%, are primarily to be offset against income from realized increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55% of the remaining negative difference may be offset against other types of income.

Both in case of unlimited and limited (corporate) income tax liability, Austria's right to tax may be restricted by double taxation treaties.

Selling Restrictions

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act and the Notes may not be offered, sold or delivered within the U.S. or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from such registration. Each of the Dealers has represented and agreed that it has not offered, sold or delivered and will not offer, sell or deliver a Note in bearer form within the U.S. or to U.S. persons except as permitted by the Dealer Agreement.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the U.S. or its possessions or to a U.S. person except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations promulgated thereunder. The applicable Final Terms for Bearer Notes will identify whether TEFRA C or TEFRA D applies to the Notes or whether TEFRA is not applicable.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer or sell or, in the case of Bearer Notes, deliver Notes (i) as part of its distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which such Notes are a part within the U.S. or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the U.S. or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the U.S. to non-U.S. persons in reliance on Regulation S.

This Prospectus has been prepared by the Relevant Issuer for use in connection with the offer and sale of the Notes outside the U.S.. The Relevant Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the U.S. or to any U.S. person. Distribution of this Prospectus by any non-U.S. person outside the U.S. to any U.S. person or to any other person within the U.S. is unauthorised and any disclosure without the prior written

consent of the Relevant Issuer of any of its contents to any such U.S. person or other person within the U.S. is prohibited.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the U.S. by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Prohibition of Sales to UK Retail Investors

For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Relevant Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Relevant Issuer or the Guarantor; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the UK.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “**Financial Instruments and Exchange Act**”). Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the Relevant Issuer, the Guarantor and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Prospectus.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it shall, to the best of its knowledge and belief, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Prospectus, any other offering material or any Final Terms in all cases at its own expense.

FORM OF FINAL TERMS

[MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers, the Guarantor and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.
