Color Copy – Our inspiration: nature’s brilliant colours

A high visual impact, with brilliant and accurate colours, will let you grab attention with your communication materials. You can achieve this with Color Copy, providing the highest colour gamut on colour laser printing machines. Attain life-like accuracy in natural skin tones and full colour reproduction, even for challenging colours such as yellow/green.

For brilliant colours – paper that enables the highest colour gamut

The highest colour gamut is a matter of balanced and optimised paper properties. Color Copy’s special surface treatment combined with its smoothness guarantees accurate colour reproduction in the highest spectrum.
